INTRODUCTION

This document (if truck has been designed) should always accompany and carry maintenance.

Before operating the truck for the first time, the driver should read and become fully familiar with the various chapters in this manual.

These instructions have been prepared to provide all the information required for proper working and truck operation. By complying with these instructions, the truck driver will be able to get the best performance from his vehicle.

The terms "right" and "left", "front" and "rear" used in this manual refer to positions viewed by the driver seated normally in the driving seat.
