Marquis Who's Who

Michael Jackson Innocent 28 February 2005 1:

Michael Jackson D Francis, 2014-12-13 D Francis has produced a book about Michael Jackson like no other. It is based on the premise that because the trial of the artist on numerous child abuse charges in 2005 was not televised, the only facts in the public domain have been filtered through the sieve of incomplete and prejudiced reporting in the media. So D Francis has gone to great lengths to acquire the actual trial transcripts, a volume running to over 14 000 pages, to write a series of books straight from source. In *Michael Jackson Innocent* she concentrates on the trial testimony and adds her commentary in the process, revealing exactly why Michael Jackson was acquitted on all charges. The Author believes that international media coverage at the time focused far too heavily and uncritically on the prosecution case, which is why so many believed the Michael Jackson was guilty despite the verdict. So centring mainly on the defence case and the various legal arguments, she shows precisely how we were all misinformed by a media whose main interest was always in boosting the titillation count rather than giving us a true picture of events. *Michael Jackson Innocent 28 February 2005* is in fact the first in a series of mini books, each of which narrates a day in the trial. It is a mammoth project. When it is complete, it will comprise a must-have archive both for the general interest reader, students of journalism, and the US criminal justice system. *Michael Jackson Innocent* will thus be a unique series of books which will stand as a legitimate and factual account of Michael Jackson's vindication. This book highlights the cracks in the prosecution case, the shifting timeline of allegations and inconsistencies in the prosecution Opening Statement. You will be left wondering how this case ever made it to trial. The first book in the series, *Michael Jackson Innocent 28 February 2005*, has been on the Amazon Best Seller's Kindle list frequently reaching 1 or within the top 100 in the book category of Biographies/Memoirs for Michael Jackson. Purchasing a new book will help the continuance of this project. It is important that the general public are informed of what actually happened at court. Between 2003 to 2005, the media misrepresented the position. It is time that those myths and mistruths are addressed and the truth is made visible and available. By purchasing a new book, you support this project. The project seeks to look behind the media misrepresentations that have cast doubt on Michael Jackson's reputation for over 20 years. **Michael Jackson's Radical**

Aesthetic Willa Stillwater, 2025-12-29 This two-volume work encourages students, fans, and scholars to take an expansive view of Michael Jackson's art. Focusing on his films, which it approaches as exquisite works of art as well as a theoretical framework for interpreting his other work, it demonstrates the depth and scope of his art and its far-reaching cultural significance. Specifically, it demonstrates how Jackson engaged in a sophisticated process of telling, untelling, and retelling entrenched cultural narratives that perpetuate prejudice and how he modified affective responses to racial signifiers and other marks of difference. In this way, Jackson confronted prejudice more profoundly than any other American artist in recent memory. This work also takes a detailed look at the allegations of child sexual abuse. These were so shattering for Jackson, both personally and creatively, that his life and career divide into two parts, a division reflected in the two-volume structure of

this work Volume One focuses on Jackson's early films followed by analysis of the allegations including historical factors that may have influenced how the police press and public reacted Volume Two then focuses on the art Jackson created in response including some of the most poignant political and significant work of his career Volume Two also looks at evolving perceptions of Jackson's face and persona approaching them as revolutionary yet deeply troubling works of art works that became even more unsettling as Jackson wrestled with the intense emotions unleashed by the abuse allegations It posits that popular perceptions of Jackson's face and persona were illusions that performed critically important cultural functions and that Jackson himself the man behind the illusion was a trickster artist It concludes that Jackson was the most important American artist of our time and that his face was his masterpiece However it only arrives at these conclusions after careful analysis of his films It's through his films that Jackson articulates his aesthetic Therefore it's his films that make his face legible

Shakespeare's Histories on Screen Jennie M. Votava, 2023-06-29 This volume reframes the critical conversation about Shakespeare's

histories and national identity by bringing together two growing bodies of work early modern race scholarship and adaptation theory Theorizing a link between adaptation and intersectionality it demonstrates how over the past thirty years race has become a central and constitutive part of British and American screen adaptations of the English histories Available to expanding audiences via digital media platforms these adaptations interrogate the dialectic between Shakespeare s cultural capital and racial reckonings on both sides of the Atlantic and across time By engaging contemporary representations of race ethnicity gender sexuality disability and class adaptation not only creates artefacts that differ from their source texts but also facilitates the conditions in which race and its intersections in the plays become visible At the centre of this analysis stand two landmark 21st century history adaptations that use non traditional casting the British TV miniseries *The Hollow Crown* 2012 2016 and the American independent film *H4* 2012 an all Black Henry IV conflation In addition to demonstrating how the 21st century screen history illuminates both past and present constructions of embodied difference these works provide a lens for reassessing two history adaptations from Shakespeare s 1990s box office renaissance when actors of colour were first cast in cinematic versions of the plays As exemplified by these formal adaptations reappropriations of race in history non traditional Shakespearean casting practices are also currently shaping digital culture s conversations about race in non Shakespearean period dramas such as *Bridgerton*
