The Routledge Guidebook to Foucault's The History of Sexuality Chloe Taylor, 2016-11-03 Michel Foucault's The History of Sexuality is one of the most influential philosophical works of the twentieth century and has been instrumental in shaping the study of Gender Feminist Theory and Queer Theory But Foucault's writing can be a difficult book to grasp as Foucault assumes a familiarity with the intellectually dominant theories of his time which renders many passages obscure for newcomers to his work The Routledge Guidebook to Foucault's The History of Sexuality offers a clear and comprehensive guide to this groundbreaking work examining The historical context in which Foucault wrote A critical discussion of the text which examines the relationship between The History of Sexuality The Use of Pleasure and The Care of The Self The reception and ongoing influence of The History of Sexuality Offering a close reading of the text this is essential reading for anyone studying this enormously influential work

Confessions of the Flesh Michel Foucault, 2022-01-18 The fourth and final volume in Michel Foucault's acclaimed History of Sexuality completed just before his death in 1984 and finally available to the public One of the most influential thinkers of the twentieth century Michel Foucault made an indelible impact on Western thought The first three volumes in his History of Sexuality which trace cultural and intellectual notions of sexuality arguing that it has been profoundly shaped by the power structures applied to it constitute some of Foucault's most important work This fourth volume posits that the origins of totalitarian self surveillance began with the Christian practice of confession The manuscript had long been secreted away in accordance with Foucault's stated wish that there be no posthumous publication of his unpublished work With the sale of the Foucault archives in 2013 Foucault's nephew felt that the time had come to publish this final volume in Foucault's seminal history Philosophically it is a chapter in his hermeneutics of the desiring subject Historically it focuses on the remodeling of subjectivity carried out by the early Christian Fathers who set out to transform the classical Logos of truthful human discourse into a theologos the divine Word of a pure sovereign What did God will in the matter of righteous sexual practice Foucault parses out the logic of the various responses proffered by theologians over the centuries culminating with Saint Augustine's fascinating discussion of the libido Sweeping and deeply personal Confessions of the Flesh is a tour de force from a philosophical master

Michel Foucault Et la Dignit  Humaine Guimaraens Lucas Guimaraens, 2014 Michel Foucault Rudi Visker, 1995 The reception of Michel Foucault's work has often been divided between two unsatisfactory alternatives On the one hand there are those who admire the detail of his concrete analyses but

wonder how the political and ethical commitments they seem to rely on can be justified On the other there are those who deny the need for normative foundations but also find it difficult to explain what makes Foucault's archaeologies and genealogies critical Rudi Visker's book is not only a lucid and elegant survey of Foucault's corpus from his early work on madness to the History of Sexuality but also a major intervention in this debate Reading Foucault against the Heideggerian backdrop to his work Visker shows that Foucault's target is not order as such but rather the production of ordering systems which cannot acknowledge their own conditions of possibility Exploring along the way such intriguing issues as the ambivalence of Foucault's concepts of truth and power and his philosophically provocative use of quotation marks Visker portrays Foucault as neither relativist nor positivist neither activist nor detached observer Instead Foucault emerges as the inventor of a new analysis of our modern mechanisms of control and exclusion precisely of genealogy as critique

Michel Foucault, an Introduction to the Study of His Thought Barry Cooper, 1981 A comprehensive survey and introduction to the range of Michel Foucault's thought dealing with philosophy in general sociology political science art literature and history in particular

The Archaeology of Knowledge Michel Foucault, 2012-07-11 Madness sexuality power knowledge are these facts of life or simply parts of speech In a series of works of astonishing brilliance historian Michel Foucault excavated the hidden assumptions that govern the way we live and the way we think The Archaeology of Knowledge begins at the level of things said and moves quickly to illuminate the connections between knowledge language and action in a style at once profound and personal A summing up of Foucault's own methodological assumptions this book is also a first step toward a genealogy of the way we live now Challenging at times infuriating it is an absolutely indispensable guide to one of the most innovative thinkers of our time

Subjectivity and Truth Michel Foucault, 2017-07-22 The working hypothesis is this it is true that sexuality as experience is obviously not independent of codes and systems of prohibitions but it needs to be recalled straightaway that these codes are astonishingly stable continuous and slow to change It needs to be recalled also that the way in which they are observed or transgressed also seems to be very stable and very repetitive On the other hand the point of historical mobility what no doubt change most often what are most fragile are modalities of experience Michel Foucault In 1981 Foucault delivered a course of lectures which marked a decisive reorientation in his thought and of the project of a History of Sexuality outlined in 1976 It was in these lectures that arts of living became the focal point around which he developed a new way of thinking about subjectivity It was also the moment when Foucault problematized a conception of ethics understood as the patient elaboration of a relationship of self to self It was the study of the sexual experience of the Ancients that made these new conceptual developments possible Within this framework Foucault examined medical writings tracts on marriage the philosophy of love or the prognostic value of erotic dreams for evidence of a structuration of the subject in his relationship to pleasures aphrodisia which is prior to the modern construction of a science of sexuality as well as to the Christian fearful obsession with the flesh What was actually at stake was establishing that the imposition of a

scrupulous and interminable hermeneutics of desire was the invention of Christianity But to do this it was necessary to establish the irreducible specificity of ancient techniques of self In these lectures which clearly foreshadow *The Use of Pleasures* and *The Care of Self* Foucault examines the Greek subordination of gender differences to the primacy of an opposition between active and passive as well as the development by Imperial stoicism of a model of the conjugal bond which advocates unwavering fidelity and shared feelings and which leads to the disqualification of homosexuality

Histoire de la sexualité (Tome 1) - La volonté de savoir Michel Foucault, 2014-01-28T00:00:00+01:00

Nommé au Collège de France Michel Foucault a entrepris durant la fin des années soixante dix un cycle de cours consacré la place de la sexualité dans la culture occidentale

l'Histoire de la sexualité articulée en trois volumes

La volonté de savoir

L'usage des plaisirs

et Le souci de soi

Il y prolonge les recherches entreprises avec L'archéologie du savoir et Surveiller et punir mais en concentrant ses analyses sur la constellation de phénomènes que nous désignons par le sexe et la sexualité

L'axe de cette entreprise n'est pas de s'opposer à la répression de la sexualité afin de la libérer mais de montrer comment la vie sexuelle a enclenché une volontarisme systématique de tout savoir sur le sexe qui s'est systématisée en une science de la sexualité laquelle son tour ouvre la voie à une administration de la vie sexuelle sociale de plus en plus présente dans notre existence

Foucault fait ainsi l'archéologie des discours sur la sexualité littérature rotique pratique de la confession médecine anthropologie psychanalyse théorie politique droit etc depuis le XVIIIe siècle et surtout au XIXe dont nous héritons jusque dans les postures récentes de libération sexuelle l'attitude de censure et celle d'affranchissement se rencontrant finalement dans le même type de présupposé le sexe serait cause de tous les phénomènes de notre vie comme il commanderait l'ensemble de l'existence sociale
