

La notion de contrôle citoyen de l'action publique désigne ici le large éventail de mesures et de mécanismes (autres que le suffrage) auxquels citoyens, communautés, organisations de la société civile et médias indépendants peuvent recourir s'ils souhaitent tenir élus et fonctionnaires comptables de leurs actions. Ces mesures comprennent, par exemple, la participation des citoyens à l'élaboration des politiques, la budgétisation participative, le suivi des dépenses publiques, le suivi par les citoyens de la prestation des services publics, les commissions consultatives de citoyens, les campagnes de revendication et la création de groupes de pression. »
