Death Cyrus Kirkpatrick, 2015-09-06 A life-long exploration of the mysterious world of afterlife research has led to this book. The notion of a world beyond this one is firmly rooted into our popular culture as countless strange phenomena in life point us toward this direction from hauntings to near-death experiences and many more encounters with the beyond. By venturing all the way through this rabbit hole, Cyrus Kirkpatrick has come out from the other end still with his marbles intact and with the intention of finally putting all the pieces together to describe the reality behind what appears to be a multi-planar universe that we all exist as part of. A topic that must be ultimately rooted in science and not the New Age aisle.

Understanding Life After Death is hopefully an attempt to push the subject in the right direction. *The Afterlife of Billy Fingers* Kagan, Annie, 2013-03-01 Billy's ongoing after-death communications take his sister on an unprecedented journey into the bliss and wonder of life beyond death. **Life After Life After Life...** . Dexter Covell, 2012-04-18 The book you should read before your death. The subject of death is something that most of us would rather not consider, but it is the one major event we all share with no exceptions. This is so because the death experience has often been portrayed in frightening or painful terms, but it needn't be, and in fact it is neither. Come along with us as we follow one of my ancestors through his accidental death at a young age, his subsequent trip to Heaven, his time spent in Heaven, and his eventual reincarnation back to life on Earth. You will see that far from being a frightening place, Heaven is a true paradise, and the time spent there is rewarding and educational and totally pleasant; it is a place of never-ending bliss.

Afterlife Carol Neiman, Emily Goldman, 1994 **Afterlife** Barry Eaton, 2013-08-15 The author takes the reader on a journey through the realm of the spirit; he details the whole process of crossing into the next life, from the journey home to adapting to new living conditions in the afterlife, and even delving into what kinds of activities will be available there and how we can be prepared for our own personal journey. Heaven, Hell, and the Afterlife J. Harold Ellens, 2013-07-25 Christianity, Islam, and Judaism all feature ideas about heaven, hell, and afterlife, and these concepts have evolved over time within these religions. This work supplies a detailed and coherent understanding of the broad scope of spiritual thinking in the last 3,000 years within the Abrahamic traditions. Heaven, Hell, and the Afterlife. Eternity in Judaism, Christianity, and Islam provides an all-encompassing examination of historic and contemporary perspectives on afterlife in Western religions. In these three volumes, Judaic, Christian, and

Muslim scholars join forces providing an unprecedented review of their individual faith s traditions Every significant issue and major theme is discussed no controversial topic is avoided From ancient doctrines to modern day outlooks of conservatives progressives and liberals in all three religions all are analyzed and presented here The framework of the volumes underscores how the ethics and concepts of eternity in the Western action religions contrast with Eastern religions that tend to be characterized as passive or withdrawal religions in their ethics and their notions of afterlife as absorption within universal spirit Nirvana or nonexistence This work is well suited for undergraduate and graduate students general readers interested in religion and professional scholars particularly those in fields corollary to religious study
