## **Life Orientation 2014 November Exam Paper:**

**The Campus Rape Frenzy** KC Johnson, Stuart Taylor, Jr., 2018-05-22 In recent years politicians led by President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation's institutions of higher learning as awash in a violent crime wave and to suggest preposterously that university leaders professors and students are indifferent to female sexual assault victims in their midst Neither of these claims has any bearing to reality But they have achieved widespread acceptance thanks in part to misleading alarms from the Obama administration and biased media coverage led by The New York Times The frenzy about campus rape has helped stimulate and has been fanned by ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation's all too compliant colleges and universities essentially to presume the guilt of accused students The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play This book uses hard facts to set the record straight It explores among other things nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have in a lopsided process been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges often after being tarred and feathered by their fellow students And it shows why all students and eventually society as a whole are harmed when our nation's universities abandon pursuit of truth and seek instead to accommodate the passions of the mob As detailed in the new Epilogue some encouraging events have transpired since this book was first published in October 2016 A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike revoked most of the guilt presuming Obama era policies and began a protracted rule making process designed to compel procedural fairness and nondiscrimination

**Second International Handbook on the Demography of Sexuality** Amanda K. Baumle, Zelma Oyarvide Tuthill, 2025-06-18 A decade after the publication of the first International Handbook on the Demography of Sexuality there have been fundamental shifts in how we measure sexual and gender identities and the breadth of available population level sexuality data The chapters in this second edition of this handbook provide guidance on methodological approaches involved in studying population sexuality as well as insight into the ways that sexuality shapes key demographic outcomes Chapters examine how we measure sexual identities and behaviors on surveys sexuality changes across the life course international perspectives on sexual behaviors and identities and the ways that sexual identities shape families labor market experiences and health outcomes Despite these developments we still know relatively little about key demographic questions related to fertility and migration for sexual minorities as well as about understudied topics of sexuality that fall outside of risk focused analyses In particular much of our understanding of sexuality has been motivated by controlling the

spread of sexually transmitted infections or adolescent pregnancies rather than understanding motivations for sexual interactions such as pleasure Accordingly although the research set forth in this book provides insight into existing knowledge of sexual behavior and of sexual minority populations the chapters also point researchers and policymakers toward needed areas of research and data collection

**The Perennials** Mauro F. Guillén, 2023-08-22 Get the best from accelerating social change with the new book from the bestselling author of 2030 and acclaimed thought leader Kirkus Mauro Guillén Adam Grant praises how the book invites us to rethink our careers our families and our future plans Find out why business leaders and bestselling authors around the world are calling the book sharply relevant and necessary William P. Lauder insightful and deeply researched Richard Florida and A must read Mohammed A. El-Erian In today's world the acceleration of megatrends increasing longevity and the explosion of technology among many others are transforming life as we now know it In *The Perennials* bestselling author of 2030 Mauro Guillén unpacks a sweeping societal shift triggered by demographic and technological transformation Guillén argues that outmoded terms like Boomers Gen X Millennials and Gen Z have long been used to pigeonhole us into rigid categories and life stages artificially preventing people from reaching their full potential A new postgenerational workforce known as perennials individuals who are not pitted against each other either by their age or experience makes it possible to liberate scores of people from the constraints of the sequential model of life and level the playing field so that everyone has a chance at living a rewarding life Guillén unveils how this generational revolution will impact young people just entering the workforce as well as those who are living and working longer This multigenerational revolution is already happening and Mauro Guillén identifies the specific cultural organizational and policy changes that need to be made in order to switch to a new template and usher in a new era of innovation powered by the perennials
