

## CHAPTER 1

### CONSTITUTION: SALIENT FEATURES

The Constitution of India was framed principally by those who had played a stellar role in our independence. It was after a great deal of deliberations that they decided to adopt a model which was a combination of the British Parliamentary System and the American Constitution in line with our experience under the British rule. This model was considered in their wisdom to be the most appropriate to administer a vast nation like India which has diversity, both in religion and culture, besides serious disparities amongst various regions which needed to be bridged to promote socio-economic and political justice to all in a democratic way and in accordance with Rule of Law.

This Chapter seeks to cover definitions, classification and the sources of this supreme law culminating in its adoption by the Constituent Assembly. In addition, salient features of the Indian Constitution are also highlighted in this Unit as also the issue as to whether Indian Constitution is truly federal in its character or not.
