Conner,1999-01-01 This is the first dictionary to identify chart and explain in context the many proper names and place names that so famously enrich the poetry of William Butler Yeats and just as famously anchor that poetry to Ireland In compiling this work Lester I Conner has relied upon Yeats s own prose the principal Yeats criticism and the writings of Yeats s friends and critics The result is a work that warmly ushers us into the poems where we find we are not strangers after all **"Desire, Drink and Death in**

English Folk and Vernacular Song, 1600?900 " Vic Gammon,2017-07-05 This much needed book provides valuable insights into themes and genres in popular song in the period c 1600 1900 In particular it is a study of popular ballads as they appeared on printed sheets and as they were recorded by folk song collectors Vic Gammon displays his interest in the way song articulates aspects of popular mentality and he relates the discourse of the songs to social history Gammon discusses the themes and narratives that run through genres of song material and how these are repeated and reworked through time He argues that in spite of important social and economic changes the period 1600 1850 had a significant cultural consistency and characteristic forms of popular musical and cultural expression These only changed radically under the impact of industrialization and urbanization in the nineteenth century The book will appeal to those interested in folk song historical popular music including church music ballad literature popular literature popular culture social history anthropology and sociology *The Catholic Record* ,1873 **Éire-Ireland** ,1995 **Library of Congress Subject**

An Encyclopedia of Fairies Ty Hulse, Many of the fairies and spirits mentioned within this book come from regions where information on the fairies isn't readily available in English elsewhere. A few of these include Mari El In the heart of an ancient forest which was so vast and isolated it allowed the people within to remain the last pagans in Europe. For the people of this land never converted to Islam or Christianity and so to this day they still value the spirits of the forest. Their woodlands are filled with a dizzying array of spirits from bathhouse spirits that appear as shooting stars to spirits which always run and move backwards. Brittany One of the last remaining Celtic kingdoms where many traditional Celtic ideas survived. Yet despite how popular Celtic beliefs are there isn't a lot of information or stories on these fairies available in English. Northern Italy and Austria Wedged high in the mountains the tiny villages that dot this land were often the slowest to change retaining ideas about the spirit world from a past long forgotten to most of us. Not so long ago there were still some people who would answer the shamans call sending their soul out at night to join the kindly spirits in a battle against the darkness. Other people will include the Komi Irish English Scottish Welsh German the Scandinavian Countries the Selkup the Yakut and many many more. Indeed there will be well over a thousand different fairies in this book most of which you'll likely never have heard of.
