*The Penguin History of the World* J M Roberts, Odd Arne Westad, 2013-03-28 This is a completely new and updated edition of J M Roberts and Odd Arne Westad's widely acclaimed landmark bestseller *The Penguin History of the World*. For generations of readers *The Penguin History of the World* has been one of the great cultural experiences: the entire story of human endeavour laid out in all its grandeur and folly, drama and pain in a single authoritative book. Now for the first time it has been completely overhauled for its 6th edition, not just bringing it up to date but revising it throughout in the light of new research and discoveries such as the revolution in our understanding of many civilizations in the Ancient World. The closing sections of the book reflect what now seems to be the inexorable rise of Asia and the increasingly troubled situation in the West. About the authors: J M Roberts CBE published *The Penguin History of the World* in 1976 to immediate acclaim. His other major books include *The Paris Commune* from the Right, *The Triumph of the West* which was also a successful television series, *The Penguin History of Europe* and *The Penguin History of the Twentieth Century*. He died in 2003. Odd Arne Westad FBA is Professor of International History at the London School of Economics. He has published fifteen books on modern and contemporary international history, among them *The Global Cold War* which won the Bancroft Prize and *Decisive Encounters*, a standard history of the Chinese civil war. He also served as general co-editor of the *Cambridge History of the Cold War*. Reviews: A work of outstanding breadth of scholarship and penetrating judgements. There is nothing better of its kind. Jonathan Sumption, *Sunday Telegraph*. A stupendous achievement. A J P Taylor. A brilliant book, the most outstanding history of the world yet written. J H Plumb.

**The Illustrated History of the World** J. M. Roberts, 2000-07-15 *The Illustrated History of the World* is a lavishly illustrated edition of J M Roberts's bestselling *History of the World*. Now completely revised and updated, each volume of this comprehensive reference work traces the tumultuous story of humankind from prehistory to the end of the 20th century. The rise and fall of civilizations, the impact of powerful individuals on world events, the interplay of state and religion, the social and economic factors that influence societies: these are some of the themes of this masterful sweeping narrative. Over 2,000 photographs in color and black and white present a unique visual panoply of the march of history. In addition, more than 200 maps and artworks in full color underscore important events. Fully integrated sidebars and feature boxes narrow in on key themes, providing an additional layer of interest. Each volume also contains a double-page illustrated chronology of major events, plus a bibliography and detailed index.
