Jai De La Chance:

, The Man Who Invented Aztec Crystal Skulls Jane MacLaren Walsh, Brett Topping, 2018-11-29 Eugene Boban began life in humble circumstances in Paris traveled to the California Gold Rush and later became a recognized authority on pre-Columbian cultures. He also invented an entire category of archaeological artifact: the Aztec crystal skull. By his own admission, he successfully palmed off a number of these crystal skulls on the curators of Europe's leading museums. How could that happen and who was this man? Detailed are the travels, self-education, and archaeological explorations of Eugene Boban. This book also explores the circumstances that allowed him to sell fakes to museums that would remain undetected for over a century.
