the United States heard a startling report of a meteor strike in the New Jersey countryside With sirens blaring in the  
background announcers in the field described mysterious creatures terrifying war machines and thick clouds of poison gas  
moving toward New York City As the invading force approached Manhattan some listeners sat transfixed while others ran to  
alert neighbors or to call the police Some even fled their homes But the hair raising broadcast was not a real news bulletin it  
was Orson Welles s adaptation of the H G Wells classic *The War of the Worlds* In *Broadcast Hysteria* A Brad Schwartz boldly  
retells the story of Welles s famed radio play and its impact Did it really spawn a wave of mass hysteria as The New York  
Times reported Schwartz is the first to examine the hundreds of letters sent to Orson Welles himself in the days after the  
broadcast and his findings challenge the conventional wisdom Few listeners believed an actual attack was under way But  
even so Schwartz shows that Welles s broadcast became a major scandal prompting a different kind of mass panic as  
Americans debated the bewitching power of the radio and the country s vulnerability in a time of crisis When the debate was  
over American broadcasting had changed for good but not for the better As Schwartz tells this story we observe how an  
atmosphere of natural disaster and impending war permitted broadcasters to create shared live national experiences for the  
first time We follow Orson Welles s rise to fame and watch his manic energy and artistic genius at work in the play s hurried  
yet innovative production And we trace the present day popularity of fake news back to its source in Welles s show and its
