## **Irish Farming Life History And Heritage:**

**Irish Farming Life** Jonathan Bell (Museum curator), Mervyn Watson, 2014 This book examines Irish rural society and its basic social unit the family farm as well as important issues such as neighbourly ties and the use of hired labour It discusses ways in which recent history is communicated by country people in oral testimonies local songs and poems and in rural events such as ploughing matches and threshing festivals Museum and heritage centre displays are examined showing how the historical narratives presented by professionals are also based on value judgments and stereotypes as well as valid historical data The book does not neglect the negative aspects of rural life but overall its intention is explicitly celebratory presenting past experience as a victory over almost impossible odds and a triumph of decency intelligence and generosity Publisher description      **Cattle in Ancient and Modern Ireland** Fergus Kelly, James H. McAdam, Michael O'Connell, 2016-04-26 Cattle have been the mainstay of Irish farming since the Neolithic began in Ireland almost 6000 years ago Cattle and especially cows have been important in the life experiences of most Irish people directly and or through legends such as the T in B Cuailnge The Cattle raid of Cooley In this book diverse aspects of cattle in Ireland from the circumstances of their first introduction to recent and ongoing developments in the management of grasslands still the main food source for cattle in Ireland are explored in thirteen essays written by experts New information is presented and several aspects relating to cattle husbandry and the interactions of cattle and people that have hitherto received little or no attention are discussed      *Work and the Nineteenth-Century Press* Andrew King, 2022-11-23 Extending the limits of the award winning Routledge Handbook to Nineteenth Century Periodicals and Newspapers 2016 and its companion volume and also award winning *Researching the Nineteenth Century Press Case Studies* 2017 *Work and the Nineteenth Century Press Living Work for Living People* advances our knowledge of how our identities have become inextricably defined by work The collection s innovative focus on the nineteenth century British press s relationship to work illuminates an area whose effects are still evident today but which has been almost totally neglected hitherto Offering bold new interpretative frameworks and provocative methodologies in media history and literary studies developed by an exciting group of new and established talent this volume seeks to set a new research agenda for nineteenth century interdisciplinary studies      *Social change and everyday life in Ireland, 1850-1922* Caitriona Clear, 2013-07-19 Men and women who were born grew up and died in Ireland between 1850 and 1922 made decisions to train to emigrate to stay at home to marry to stay single to stay at school based on the knowledge and resources they had at the time This the first comprehensive social history of Ireland for the years 1850 1922 to appear since 1981 tries to understand that knowledge and to discuss those resources for men and women at all social levels on the island as a whole Original research particularly on extreme poverty and public health is supplemented by neglected published sources local history journals popular autobiography newspapers Folklore and Irish language sources are used extensively All recent scholarly books in Irish social history are of course referred to throughout the book but it is a

lively read reproducing the voices of the people and the stories of individuals whenever it can questioning much of the accepted wisdom of Irish historiography over the past five decades Statistics are used from time to time for illustrative purposes but tables and graphs are consigned to the appendix at the back There are some illustrations An idea summary for the student loaded with prompts for future research this book is written in a non cliched jargon free style aimed at the general reader     The Cambridge History of Ireland: Volume 4, 1880 to the Present Thomas Bartlett,2018-04-26 This final volume in the Cambridge History of Ireland covers the period from the 1880s to the present Based on the most recent and innovative scholarship and research the many contributions from experts in their field offer detailed and fresh perspectives on key areas of Irish social economic religious political demographic institutional and cultural history By situating the Irish story or stories as for much of these decades two Irelands are in play in a variety of contexts Irish and Anglo Irish but also European Atlantic and latterly global The result is an insightful interpretation on the emergence and development of Ireland during these often turbulent decades Copiously illustrated with special features on images of the Troubles and on Irish art and sculpture in the twentieth century this volume will undoubtedly be hailed as a landmark publication by the most recent generation of historians of Ireland     **An Economic History of Ireland Since Independence** Andy Bielenberg,Raymond Ryan,2013-05-20 This book provides a cogent summary of the economic history of the Irish Free State Republic of Ireland It takes the Irish story from the 1920s right through to the present providing an excellent case study of one of many European states which obtained independence during and after the First World War The book covers the transition to protectionism and import substitution between the 1930s and the 1950s and the second major transition to trade liberalisation from the 1960s In a wider European context the Irish experience since EEC entry in 1973 was the most extreme European example of the achievement of industrialisation through foreign direct investment The eager adoption of successive governments in recent decades of a neo liberal economic model more particularly de regulation in banking and construction has recently led the Republic of Ireland to the most extreme economic crash of any western society since the Great Depression     *Farming in Ireland* John Feehan,2003     The History of the County of Brant, Ontario ,1883     *The Heritage of Ireland* Colin Rynne,Neil Buttimer,Helen Guerin,2000 Over sixty contributors examine Ireland s heritage from a management perspective natural man made and cultural heritage archaeology architecture language wildlife etc conservation and interpretation museology archives libraries etc     The New Catholic Dictionary Condé Benoist Pallen,John Joseph Wynne,1929     **Ireland** Joyce L.
