**The Jews of the Middle East and North Africa** Reeva Spector Simon, 2019-09-20 Incorporating published and archival material this volume fills an important gap in the history of the Jewish experience during World War II describing how the war affected Jews living along the southern rim of the Mediterranean and the Levant from Morocco to Iran Surviving the Nazi slaughter did not mean that Jews living in the Middle East and North Africa were unaffected by the war there was constant anti Semitic propaganda and general economic deprivation communities were bombed and Jews suffered because of the anti Semitic Vichy regulations that left them unemployed homeless and subject to forced labor and deportation to labor camps Nevertheless they fought for the Allies and assisted the Americans and the British in the invasion of North Africa These men and women were community leaders and average people who despite their dire economic circumstances worked with the refugees attempting to escape the Nazis via North Africa Turkey or Iran and connected with international aid agencies during and after the war By 1945 no Jewish community had been left untouched and many were financially decimated a situation that would have serious repercussions on the future of Jews in the region Covering the entire Middle East and North Africa region this book on World War II is a key resource for students scholars and general readers interested in Jewish history World War II and Middle East history *The Palestinian-Arab Citizens of Israel: Towards the Internationalisation of National Aspirations* Ilham Shahbari, 2021-01-28 The relations between the Israeli state and its Arab citizens have been distorted by the perception that national security concerns require the full rights of citizenship to be restricted for members of the Arab community However the national security of the state can also be affected by a poor reputation in the international community which plays a vital role in sustaining the existence of the state This created a space for Arab intelligentsia to use internationalisation as a means to promote their cause This study is designed to explore and analyse the internationalisation process and its impact regarding the Arab community in Israel It is a beneficial source to academics experts policymakers journalists and other experts and interested members of the public *The Burdens of Brotherhood* Ethan Katz, 2015-11-02 Winner of the J Russell Major Prize American Historical Association Winner of the David H Pinkney Prize Society for French Historical Studies Winner of the JDC Herbert Katzki Award National Jewish Book Awards Winner of the American Library in Paris Book Award A Choice Outstanding Academic Title of the Year Headlines from France suggest that Muslims have renewed an age old struggle against Jews and that the two groups are once more inevitably at odds But the past tells a different story The Burdens of Brotherhood is a sweeping history of Jews and Muslims in France from World War I to the present Katz has uncovered fascinating stories of interactions between Muslims and Jews in France and French colonial North Africa over the past 100 years that defy our expectations His insights are absolutely relevant for understanding such recent trends as rising anti Semitism among French Muslims rising Islamophobia among French Jews and to a lesser degree rising rates of aliyah from France Lisa M Leff Haaretz Katz has written a compelling

important and timely history of Jewish Muslim relations in France since 1914 that investigates the ways and venues in which Muslims and Jews interacted in metropolitan France This insightful well researched and elegantly written book is mandatory reading for scholars of the subject and for those approaching it for the first time J Haus Choice Judges 1 Mark S. Smith, Elizabeth M. Bloch-Smith, 2021-11-23 This groundbreaking volume presents a new translation of the text and detailed interpretation of almost every word or phrase in the book of Judges drawing from archaeology and iconography textual versions biblical parallels and extrabiblical texts many never noted before Archaeology also serves to show how a story of the Iron II period employed visible ruins to narrate supposedly early events from the so called period of the Judges The synchronic analysis for each unit sketches its characters and main themes as well as other literary dynamics The diachronic redactional analysis shows the shifting settings of units as well as their development commonly due to their inner textual reception and reinterpretation The result is a remarkably fresh historical critical treatment of 1 1 10 5 **Poland in a Colonial World Order** Piotr Puchalski, 2021-11-18 Poland in a Colonial World Order is a study of the interwar Polish state and empire building project in a changing world of empires nation states dominions protectorates mandates and colonies Drawing from a wide range of sources spanning two continents and five countries Piotr Puchalski examines how Polish elites looked to expansion in South America and Africa as a solution to both real problems such as industrial backwardness and perceived issues such as the supposed overrepresentation of Jews in liberal professions He charts how in partnership with other European powers and international institutions such as the League of Nations Polish leaders made attempts to channel emigration to South America to establish direct trade with Africa to expedite national minorities to far away places and to tap into colonial resources around the globe Puchalski demonstrates the intersection between such national policies and larger processes taking place at the time including the internationalist turn of colonialism and the global fascination with technocratic solutions Carefully researched the volume is key reading for scholars and advanced students of twentieth century European history **Between Iran and Zion** Lior B. Sternfeld, 2018-11-06 Iran is home to the largest Jewish population in the Middle East outside of Israel At its peak in the twentieth century the population numbered around 100 000 today about 25 000 Jews live in Iran Between Iran and Zion offers the first history of this vibrant community over the course of the last century from the 1905 Constitutional Revolution through the 1979 Islamic Revolution Over this period Iranian Jews grew from a peripheral community into a prominent one that has made clear impacts on daily life in Iran Drawing on interviews newspapers family stories autobiographies and previously untapped archives Lior B Sternfeld analyzes how Iranian Jews contributed to Iranian nation building projects first under the Pahlavi monarchs and then in the post revolutionary Islamic Republic He considers the shifting reactions to Zionism over time in particular to religious Zionism in the early 1900s and political Zionism after the creation of the state of Israel And he investigates the various groups that constituted the Iranian Jewish community notably the Jewish communists who became prominent activists in the left wing

circles in the 1950s and the revolutionary Jewish organization that participated in the 1979 Revolution The result is a rich account of the vital role of Jews in the social and political fabric of twentieth century Iran
