well as optical lattice clocks and single ion optical clocks pushing the frontier of quantum metrology Other areas of quantum metrology such as gravimeters and magnetometers also benefit greatly from cold atoms For practical applications quantum frequency standards are usually required to be compact and portable and thermal atoms in the form of atomic beams or vapor cells are utilized Commercially available quantum frequency standards such as cesium beam clocks or rubidium clocks have become the cornerstone of navigation and timekeeping Compact optical clocks based on various laser spectroscopic techniques have also been developed As researchers strive to break through the limits of accurate quantum measurement and atomic temperature new fields such as precise measurement quantum computing and quantum simulation based on cold atoms are further opened up and challenges still exist to explore new physical phenomena in the field of cold atoms In honor of Prof Yiqiu Wang on the occasion of his 90th birthday the main goal of this Research Topic is to provide a platform to exhibit the recent achievements and reveal the future challenges in quantum precision measurement as well as studies of cold atom physics with quantum metrology closely related to the long term scientific research areas of Prof Yiqiu Wang Both Original Research and Review articles are encouraged Topics of interest to this collection include but are not limited to Quantum precision measurements Microwave atomic clocks and their applications Optical frequency standards laser spectroscopy and their applications Quantum measurement based on cold atom Quantum computation and quantum simulation based on cold atom

#### **The Nature and Enforcement of Choice of Court Agreements** Mukarrum

Ahmed,2017-10-05 PRAISE FOR THE BOOK This constitutes a work of impressive scholarship that will become a major reference point for future discourse on choice of court agreements Dr Ahmed advances a firm thesis in a lucid manner that will satisfy both academics and practitioners The discussion is supported by a monumental foundation of underpinning research Ahmed s monograph throughout shows clear understanding of underlying substantive laws and in Chapter 11 displays a refreshing willingness to engage in intelligent speculation on the implications of Brexit Professor David Milman University of Lancaster The book is an excellent attempt to understand the theoretical underpinnings of choice of court agreements in private international law Anyone with an interest in the theory and practice of choice of court agreements in particular in mechanisms for their enforcement should read this book They will find much of value by doing so Professor Paul Beaumont University of Aberdeen from the Series Editor s Preface This book examines the fundamental juridical nature classification and enforcement of choice of court agreements in international commercial litigation It is the first full length attempt to integrate the comparative and doctrinal analysis of choice of court agreements under the Brussels I Recast Regulation the Hague Convention on Choice of Court Agreements Hague Convention and the English common law jurisdictional regime into a theoretical framework In this regard the book analyses the impact of a multilateral and regulatory conception of private international law on the private law enforcement of choice of court agreements before the English courts In the process it both pre empts and offers innovative solutions to issues that may arise under the jurisprudence of the

emergent Brussels I Recast Regulation and the Hague Convention The need to understand the nature and enforcement of choice of court agreements before the English courts from the perspective of the EU private international law regime and the Hague Convention cannot be understated This important new study aims to fill an existing gap in the literature in relation to an account of choice of court agreements which explores and reconnects arguments drawn from international legal theory with legal practice However the scope of the work remains most relevant for cross border commercial lawyers interested in crafting pragmatic solutions to the conflicts of jurisdictions

**Gender and the Judiciary in Africa** Gretchen Bauer, Josephine Dawuni, 2015-10-30 Between 2000 and 2015 women ascended to the top of judiciaries across Africa most notably as chief justices of supreme courts in common law countries like Ghana Nigeria Sierra Leone Gambia Malawi Lesotho and Zambia but also as presidents of constitutional courts in civil law countries such as Benin Burundi Gabon Niger and Senegal Most of these appointments was a first in terms of the gender of the chief justice At the same time women are being appointed in record numbers as magistrates judges and justices across the continent While women s increasing numbers and roles in African executives and legislatures have been addressed in a burgeoning scholarly literature very little work has focused on women in judiciaries This book addresses the important issue of the increasing numbers and varied roles of women judges and justices as judiciaries evolve across the continent Scholars of law gender politics and African politics provide overviews of recent developments in gender and the judiciary in nine African countries that represent north east southern and west Africa as well as a range of colonial experiences postcolonial trajectories and legal systems including mixes of common civil customary or sharia law In the process each chapter seeks to address the following questions What has been the historical experience of the judicial system in a given country from before colonialism until the present What is the current court structure and where are the women judges justices magistrates and other women located What are the selection or appointment processes for joining the bench and in what ways may these help or hinder women to gain access to the courts as judges and justices Once they become judges do women on the bench promote the rights of women through their judicial powers What are the challenges and obstacles facing women judges and justices in Africa Timely and relevant in this era in which governmental accountability and transparency are essential to the consolidation of democracy in Africa and when women are accessing significant leadership positions across the continent this book considers the substantive and symbolic representation of women s interests by women judges and the wider implications of their presence for changing institutional norms and advancing the rule of law and human rights
