Ending Big Government Michael Dahlen,2016-02 Statism denotes any system of big government a government that gains power at the expense of individual freedom a government that uses its power to redistribute wealth and regulate the economy Laissez faire capitalism by contrast is the system of limited government the system of economic and political freedom It is a system that has created more wealth and lifted more people out of poverty than any other system Yet it is relentlessly demonized We are told that the free market is impractical prone to crises depressions and coercive monopolies Michael Dahlen dispels these and many other myths He shows that a laissez faire capitalist system is not only practical he shows that it is moral as it is the only system that recognizes each individual s inalienable right to his own life A provocative weave of history philosophy and political economy Ending Big Government The Essential Case for Capitalism and Freedom shows that capitalism is incontestably superior to statism
