Jacques Lacan et la question de la formation des analystes Moustafa Safouan, 1983

Lacan Élisabeth Roudinesco, 2014-03-04 Jacques Lacan continues to be subject to the most extravagant interpretations Angelic to some he is demonic to others To recall Lacan's career now that the heroic age of psychoanalysis is over is to remember an intellectual and literary adventure that occupies a founding place in our modernity Lacan went against the current of many of the hopes aroused by 1968 but embraced their paradoxes and his language games and wordplay resonate today as so many injunctions to replace rampant individualism with a heightened social consciousness Widely recognized as the leading authority on Lacan Elisabeth Roudinesco revisits his life and work what it was and what it remains

Le savoir du psychanalyste Nancy BARWELL, Pierre BRUNO, Véronique SIDOIT, 2013-10-24 Revitaliser la recherche psychanalytique en mettant l'épreuve de la laboration collective le savoir du psychanalyste toujours renouveler Les différents textes courts resserrent autour d'une question précise rendent compte des débats sur les problèmes cruciaux de la psychanalyse contemporaine tant dans leur dimension pistémique que dans leurs conséquences sur la pratique analytique

Lacan, psychanalyste Mouvement du coût freudien, 2002 Pour une fois il ne s'agit pas d'clairer la figure du Lacan théoricien du chef d'école autrement dit du maître mais celle du praticien avec ses analysants avec les patients de la présentation de malades Sainte Anne avec les contréles au séminaire et jusque dans sa pratique institutionnelle De nombreux collègues de

différentes générations qui l'ont assidûment fréquenté des titres divers ont tenté de cerner ce que fut au-delà de son tonnant disponibilité chacun la singularité de son rapport à l'acte psychanalytique dans tous les champs où il a imposé sa marque. Ces interventions mettent en lumière l'enjeu crucial qui se rejoue de génération en génération, ce qui peut se transmettre de la psychanalyse. Lacan n'a pas cessé de démontrer qu'elle n'est pas intransmissible si l'analyste est enseigné par son acte.

Jacques Lacan Madan Sarup, 1992 Life With Lacan Catherine Millot, 2018-05-01 There was a time when I felt that I had grasped Lacan's essential being from within that I had gained as it were an apprehension of his relation to the world a mysterious access to that intimate place from which sprang his relation to people and things and even to himself. It was as if I had slipped within him. In this short book Catherine Millot offers a richly evocative reflection on her life as analysand and lover of the greatest psychoanalyst since Freud. Dwelling on their time together in Paris and in Lacan's country house in Guitrancourt as well as describing their many travels, Millot provides unparalleled insights into Lacan's character as well as his encounters with other major European thinkers of the time. She also sheds new light on key themes including Lacan's obsession with the Borromean knot and gradual descent into silence all enlivened by her unique perspective. This beautifully written memoir awarded the Andr  Gide Prize for Literature will be of interest to anyone wishing to understand the life and character of a thinker who continues to exert a wide influence in psychoanalysis and across the humanities and social sciences.

Jacques Lacan Calum Neill, 2023-06-27 Jacques Lacan *The Basics* provides a clear and succinct introduction to the work of Jacques Lacan, one of the key thinkers of the twentieth century. Lacan's ideas are applied in the study of the humanities, politics and psychology as well as contemporary media and the arts, but their complexity makes them impenetrable to many. This book is unique in explaining the key concepts and context from Lacan's understanding of psychoanalysis to drive and desire in an accessible way without diluting them beyond meaning. Examples from popular culture are used throughout to emphasise the ideas being discussed and a full glossary and list of resources for further reading encourages additional exploration. This engaging and accessible text is essential reading for all those interested in Lacan and his work as well as students of psychology, psychoanalysis, literature, politics, cultural studies, film studies and more.

Homme qui marche sous la pluie (L') Jean Clavreul, 2007-06-14 La psychanalyse met en cause notre façon même de construire nos idées et nos systèmes de pensée. Freud a été modeste en comparant la révolution psychanalytique à la révolution copernicienne. La psychanalyse touche des problèmes tout fait essentiels concernant l'homme et son destin. Critique Jean Clavreul au tout début de cet ouvrage en forme de testament intellectuel dans lequel il livre ce qu'il appelle sa mémoire psychanalytique. Il y dresse le bilan de la révolution lacanienne restituant les nuances de la pensée de Lacan et ce que l'écrit qu'il a fondé a apporté. Il propose aussi ses réflexions critiques appuyées par une longue pratique sur les grandes questions qu'on agite aujourd'hui autour de la psychanalyse : sa légitimité, son rôle social, son efficacité thérapeutique, son fonctionnement interne. Sur le mode de la causerie, le parcours et les méditations originales d'un des maîtres du lacanisme. Psychiatre et

psychanalyste proche de Jacques Lacan Jean Clavreul joua un rôle majeur dans l'école freudienne de Paris. Excellent clinicien, il forma de nombreux analystes importants. Il a notamment publié *Le Couple pervers*, *L'Ordre symbolique*, *Le Désir et la Loi* et *La Perversion*. Histoire de la psychanalyse en France Elisabeth Roudinesco, 2009. Ce volume rassemble en une édition revue et augmentée les deux tomes de l'Histoire de la psychanalyse en France et Jacques Lacan esquisse d'une vie, histoire d'un système de pensée. Ces textes qui firent date à l'époque de leur première publication et sont traduits en de nombreuses langues demeurent une référence irremplaçable. Elisabeth Roudinesco est en effet la seule à avoir su avec la précision de l'historienne et l'expérience de la praticienne faire revivre en une fresque documentée les doctrines, les hommes et les femmes qui ont incarné en France cette révolution de l'esprit. Elle a aussi mis en perspective les théories, les mouvements et les débats qui n'ont cessé d'animer le milieu psychanalytique français depuis 1885 de l'arrivée à Paris de Freud venu assister aux leçons de Charcot à la Salpêtrière jusqu'à la récente mise en cause des thérapies psychanalytiques en passant par l'extraordinaire aventure lacanienne. Le texte original des trois volumes a été actualisé pour tenir compte des événements des deux dernières décennies, notamment en ce qui concerne la question de l'homosexualité, les nouvelles connaissances sur la période de l'Occupation, le retour de l'antisémitisme et la bataille autour des psychothérapies et de l'enseignement de la psychanalyse à l'Université.

Stupidity and Psychoanalysis Cindy Zeiher, 2024-12-31. There is nothing new in thinking that we live in stupid times. Many past thinkers thought about stupidity as a symptom; however, Lacan considered stupidity as immune to the influence of psychoanalysis, saying about himself, "I am only relatively stupid," that is to say, "I am as stupid as all people perhaps because I got a little bit enlightened." Here it seems that stupidity signifies and is signified by the absence of any coherent foundation in desire and lack but instead emanates from the will to jouissance. Here stupidity is inescapable whether it be individual, communal, or ideological. In *Stupidity and Psychoanalysis*, chapters by internationally respected Lacanian analysts and theoreticians think about how we can understand stupidity as a specific psychoanalytic encounter. This collection draws critical Lacanian attention to considering new ways to approach stupidity and stupor as new contemporary subjective and social forms. Contributors provide various insights into how stupidity might be rethought as contemporary signifiers whose importance lies for better or worse more in producing effect than in transmitting meaning. Contributors: Giole P. Cima, Christian Ingo Lenz, Dunker David, Ferraro Luis, Izcovich Adrian, Johnston James, Martell Jean, Michel Rabate, Samo Tomsic, Antonio Viselli, and Cindy Zeiher.
