**An American Geography: One Family's Journey** Jill P May, 2016-07-26 This one family's journey across the unsettled West demonstrates how its understandings of family identity and selfhood were fostered. Beginning in the late 1880s each member's perspective of the past and the future evolved as they moved from the Midwest to the West and finally settled in various regions of the United States. This chronicle of family movement and cultural assimilation contains an ideology of America that often frames stories told about family and history.

**Journey to Adulthood** Chin-Chun Yi, Ming-Chang Tsai, 2023-01-06 Young people in East Asia are increasingly experiencing a prolonged transition to adulthood. They are spending longer in school, entering the labour market later and getting married later still. This protracted young adulthood interacts with forces of both tradition and modernization as social and economic changes generate profound effects on the transition from school to work, on family formation, on personal relationships and on subjective well-being. *Journey to Adulthood* explores the special characteristics of young adulthood in East Asia. It uses Taiwan as an illustrative example with comparative findings from its East Asian neighbours Japan, Korea and Hong Kong. It describes the particular growth context of a millennial generation and the challenges they face as they attempt to balance family formation, personal development and entry into a market economy. Edited by Chin Chun Yi and Ming Chang Tsai, this collection helps us to understand the structural configurations East Asian young adults collectively represent. Taking a cross-cultural and comparative perspective, it enables meaningful policy suggestions on family dynamics, educational strategy and health and well-being across the globe. Dr Chin Chun Yi and Dr Ming Chang Tsai both work within the Institute of Sociology, Research Center for Humanities and Social Sciences, Academia Sinica, Taiwan.

**The Journey for Justice** Sandra Rose Morris Kemp, 2020-12-09 The *Journey for Justice* contradicts the beliefs that black history is lost, nonexistent and unimportant. The information in the book expands the knowledge on African American history as well as reveals facts that have never been published. The research findings contribute to historical accuracy. I wish to reveal the contributions that enslaved families and their descendants have made to this country and are continuing to contribute to this country in their pursuit for equality and justice. My goals are to educate the public and preserve the African American history and heritage. A wealth of information has been preserved in prominent planter families' collections and has been used to write extensive details about their lives. There is a lack of information or limited information on the enslaved African Americans on these plantations. What happened to these individuals after slavery during Reconstruction and after? My African American roots go back to Surry County, Virginia. My ancestors were enslaved on the Mount Pleasant Swann's Point and Four Mile Tree, located four miles from Jamestown. Plantations. These plantations were settled by the English in the 1630s. After exhausting the land in Surry, the planters moved upriver for fertile farming land in the late 1700s and early 1800s. I am providing information on the lives of these enslaved African Americans during slavery, the ex-slaves during Reconstruction and their descendants after Reconstruction. After many years of researching the reliability of

the oral histories and comparing this information with archival documents I am presenting findings that are valid and worthy of publishing The year 2019 marked the four hundredth anniversary of people of African descent arriving in English North America Now is an appropriate time to acknowledge their contributions to this country A Practical Farmer's Journey Ronald L.
