

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Coalition Government Penal Policy 2010-2015 David Skinns, 2016-07-12 This book shows how the overall impact of the penal policy agenda of the Coalition Government 2010 2015 has not led to the intended rehabilitation revolution but austerity outsourcing and punishment designated here as punitive managerialism divThe policy of austerity has led to significant budget cuts in legal aid and court services which threaten justice It has also led to staffing reductions and overcrowding in the prison system which threaten order and have undermined more positive work with prisoners The outsourcing of prison and community based offender services is based on untried method with uncertain results The shift in orientation towards punishment is regrettable because it is essentially negative The book notes that this move to punitive managerialism is located in the broader trend towards neo liberalism It concludes by attempting to articulate the parameters of an affordable and emotionally satisfying yet humane and rational penal policy

Anglo-European Intelligence Cooperation Hager Ben Jaffel, 2019-09-26 This book investigates everyday practices of intelligence cooperation in anti terrorism matters with a specific focus on the relationship between Europe and Britain The volume examines the effective involvement of British anti terrorism efforts in European cooperation arrangements which until now have been overshadowed by the UK US special relationship and by political debates that overstate the divide between Britain and continental Europe In arguing that British intelligence has always had a European dimension it provides a distinct perspective to the study of intelligence cooperation and the role of British intelligence therein Mobilizing a field theory approach the book provides an original contribution to the understanding of intelligence cooperation by investigating everyday bureaucratic practices of ground level security professionals and police forces embedded in a European field structured around the exchange of anti terror intelligence It also accounts for the drivers behind cooperation by using field analysis which explains the trajectory and positioning of actors according to their capitals rather than necessities dictated by threats or state decisions This book will be of much interest to students of Security Studies International Political Sociology

Intelligence Studies and International Relations in general *Genetic Discrimination* Gerard Quinn, Aisling de Paor, Peter Blanck, 2014-11-20 As genetic technologies advance genetic testing may well offer the prospect of detecting the onset of future disabilities Some research also forwards that certain behavioural profiles may have a strong genetic basis such as the determination to succeed or the propensity for risk taking As this technology becomes more prevalent there is a danger that genetic information may be misused by third parties and that particular genetic profiles may be discriminated against by employers by providers of social goods and services such as insurance companies and even by educational facilities This book explores the different forms and potential uses of genetic testing Drawing together leading experts in disability law bioethics health law and a range of related fields it highlights the ethical and legal challenges arising as a result of emerging and rapidly advancing genetic science On examining transatlantic perspectives on the matter chapters in the book ask whether the US Genetic Information Nondiscrimination Act GINA is proving to be an effective tool in addressing the issue of genetic discrimination and alleviating fears of discrimination The book also reviews what insights may be gained from GINA within employment and health insurance contexts and asks how the UN Convention on the Rights of Persons with Disabilities CRPD may impact similar debates within the European Union The book focuses particularly on the legislative and policy framework in the European Union with an emphasis on the gaps in protection and the scope for specific legislative action in this area This book will be of great interest to scholars and students of discrimination law bioethics and disability law and will be of considerable use to legal practitioners medical practitioners and policy makers in this area **Global Governance, Human Rights and International Law** Errol P. Mendes, 2014-02-05 This book offers a stimulating introduction to the links between areas of global governance human rights global economy and international law By drawing on a range of diverse subject areas Errol P Mendes argues that the foundations of global governance human rights and international law are undermined by a conflict or tragic flaw where insistence on absolute conceptions of state sovereignty are pitted against universally accepted principles of justice and human rights resulting in destructive self interest for both the state and the global community The book explores how human rights and international law are applied in some of the critical institutions of global governance and in the operations of the global private sector and how States institutions and global civil society struggle to fight this tragic flaw The book is brought up to date by considering developments in the role of the IMF the World Bank bilateral investment treaties the likely failure of the Doha round of WTO negotiations the legacy of the 2008 financial crisis and the role of the International Criminal Court and the evolving Responsibility to Protect doctrine in international peace and security crises in the Middle East Central and West Africa among other regions of the world With its intensely interdisciplinary approach this book motivates new thinking in the realm of global governance and international law and promotes the development of new strategies for negotiating between conflicting leadership and organisational values within global institutions The book will be of great interest and use to students and researchers of public international law
