John Wayne S World Transnational Masculinity In The Fifties:

John Wayne's World Russell Meeuf, 2013-09-01 This cultural study examines the significance of John Wayne as a global symbol of masculinity in the mid twentieth century In a film career that spanned five decades John Wayne became a US icon of heroic individualism and rugged masculinity His widespread popularity however was not limited to the United States he was beloved among moviegoers in Asia Africa Latin America and Europe In John Wayne s World Russell Meeuf considers the actor s global popularity and makes the case that Wayne s depictions of masculinity in his most popular films of the 1950s reflected the social disruptions of global capitalism and modernization during that time John Wayne s World places the actor at the center of gender and nation based ideologies opening a dialogue between film history gender studies political and economic history and popular culture Moving chronologically Meeuf provides new readings of the films Fort Apache Red River Hondo The Searchers Rio Bravo and The Alamo and connects Wayne s characters with a modern image of masculinity taking shape after World War II Considering Wayne s international productions such as Legend of the Lost and The Barbarian and the Geisha Meeuf shows how they resonated with US ideological positions about Africa and Asia Meeuf concludes that in his later films Wayne s image shifted to one of grandfatherly nostalgia for the past as his earlier brand of heroic masculinity became incompatible with the changing world of the 1960s and 1970s **Rethinking Gender in**

Popular Culture in the 21st Century Astrid M. Fellner, Marta Fernández-Morales, Martina Martausová, 2017-11-06 This book explores popular culture representations of gender offering a rich and accessible discussion of masculinities and femininities in 21st century popular media It brings together contributors from various European countries to investigate the workings of gender in contemporary pop culture products in a brave original and rigorous way This volume is both an academic proposal and an exercise of commitment to a serious analysis of some of the media that influence us most in our everyday lives Representation matters and the position we take as viewers or consumers during reception matters even more

The Routledge Companion to Cinema & Gender Kristin Hole, Dijana Jelača, E. Kaplan, Patrice Petro, 2016-11-10 Comprised of 43 innovative contributions this companion is both an overview of and intervention into the field of cinema and gender The essays included here address a variety of geographical contexts from an analysis of cinema Islam and women and television under Eastern European socialism to female audience reception in Nigeria to changing class and race norms in Bollywood dance sequences A special focus is on women directors in a global context that includes films and filmmakers from Asia Africa Australia Europe North and South America The collection also offers a solid overview of feminist contributions to thinking on genre from the chick flick to the action or Western film to film noir and the slasher Readers will find contributions on a variety of approaches to spectatorship reception studies and fandom as well as transnational approaches to star studies and essays addressing the relationship between feminist film theory and new media Other topics include queer and trans cinema eco cinema and the post human Finally readers interested in the history of film will find essays

Perez,2022-12-06 A contemplative exploration of cultural representations of Mexican American fathers in contemporary media **Errancies of Desire** Vartan P. Messier,2022-11-15 Social commentators psychologists and journalists all point to the idea that in the new millennium traditional masculinity is in crisis In contemporary film and literature this predicament is often portrayed as a problem of desire particularly heterosexual desire Male libido it appears is especially vicious when it is misguided Yet the genesis of this problem is not consistently diagnosed While some texts may situate it in the unbridled expression of human sexuality and its associated discourses others contend it is the perverse result of popular constructions of sex and gender Addressing this conundrum *Errancies of Desire* focuses on the intersections of phallographic violence and masculine identity in contemporary works of fiction across three subcontinents North America Western Europe and sub Saharan Africa In doing so Messier details the ways in which male desire is predicated on mediated forms of predatory and misogynistic sexuality that cross national and cultural divides Employing a comparative methodology he interrogates common perceptions of national differences and masculine identities grounded in historical specificity *Errancies of Desire* effectively argues that when associated symptoms of violent and sexist behavior are institutionalized and misguidedly construed as a masculine norm all men can become monsters *Film Feminisms* Kristin Lené Hole,Dijana Jelača,2018-10-03 *Film Feminisms* offers a global and updated overview of the history present day concerns and future of feminist film and theory It introduces frameworks from phenomenology affect theory and psychoanalysis to reception studies new media theories and critical historiography as well as engaging with key issues in documentary ethics genre theory and star studies This new textbook situates feminist film theory within the larger framework of transnational scholarly approaches as well as decolonial queer disability studies and critical race theories It offers a much needed update on pedagogical approaches to feminist film studies providing discussions of filmmakers and films that have been overlooked in the field or that are overdue for further analysis Each chapter is supported by a variety of pedagogical features including activities key terms and case studies Many of the activities draw on contemporary digital media such as social media and streaming platforms to update the field to today s changing media landscape *America, History and Life* ,2006 Article abstracts and citations of reviews and dissertations covering the United States and Canada *American Doctoral Dissertations* ,2001 **Directory of History Departments, Historical Organizations, and Historians** ,2006 **Forthcoming Books** Rose Arny,1994-04

Masked Men Steve Cohan,1997-12-22 The fifties marks the moment when a heterosexual homosexual dualism came to dominate U S culture s thinking about masculinity The films of this era record how gender and sexuality did not easily come together in a normative manhood common to American men Instead these films demonstrate the widely held perception of a crises of masculinity *Masked Men* documents how movies of the fifties represented masculinity as a multiple masquerade

Hollywood's star system positioned the male actor as a professional performer and as a body intended to solicit the erotic interest of male and female viewers alike. Drawing on publicity poster art, fan magazines and the popular press as a means of following the links between fifties stars, their films and the social tensions of the period, Cohan juxtaposes Hollywood's narratives of masculinity against the personae of leading men like Cary Grant, Humphrey Bogart, John Wayne, Charlton Heston, Yul Brynner, William Holden, Montgomery Clift, Marlon Brando and Rock Hudson. *Masked Men* focuses on the gender and sexual masquerades that organized their performances of masculinity on and off screen. *What Ever Happened to John Wayne?* Alessandro Merlo, 2017
