Starting and Running a Small Business For Canadians For Dummies All-in-One John Aylen, 2012-05-01 The comprehensive six in one package small business entrepreneurs can't afford to be without. With more Canadians considering starting their own small businesses than ever before, there's never been a greater need for a detailed comprehensive guide to help budding entrepreneurs get off the ground. Comprised of six books in one that cover every aspect of running a business from developing a business plan to managing growth successfully and everything in between, *Starting and Running a Small Business For Canadians For Dummies All in One* will ensure readers' ventures meet with success. The ideal resource for the first-time entrepreneur in a market where small businesses are growing fast. Provides a wealth of management advice based on recent research that shows that when small businesses are successful, they hire. Includes the financial advice that keeps new businesses from folding within their first five years. Offering Canadians everything they need to know about starting their own companies within Canada, this six-book compilation is essential reading for anyone looking to make it big in the world of small business.

Food Production Anna Aladjadjian, 2012-01-20 This book is devoted to food production and the problems associated with the satisfaction of food needs in different parts of the world. The emerging food crisis calls for development of sustainable food production and the quality and safety of the food produced should be guaranteed. The book contains thirteen chapters and is divided into two sections. The first section is related to social issues arising from food insufficiency in the third-world countries and is titled *Sustainable food production Case studies*. The case studies of semi-arid Africa, Caribbean and Jamaica, Burkina Faso, Nigeria, Pacific Islands, Mexico, and Brazil are discussed. The second section titled *Scientific Methods for Improving Food Quality and Safety* covers the methods for control and avoidance of food contaminants. Substitution of chemical treatment with physical/rapid analytical methods for control of contaminants problems in animal husbandry related to dairy production and hormones in food-producing animals, approaches and tasks in maize and rice production are covered by 6 chapters in this section.
