Master Humphrey's Clock, Vol. 1 (Classic Reprint) Charles Dickens,2016-06-27 Excerpt from Master Humphrey s Clock Vol 1 When the author commenced this Work he proposed to himself three objects First To establish a periodical which should enable him to present under one general head and not as separate and distinct publications certain fictions which he had it in contemplation to write Secondly To produce these Tales in weekly numbers hoping that to shorten the intervals of communication between himself and his readers would be to knit more closely the pleasant relations they had held for Forty Months Thirdly In the execution of this weekly task to have as much regard as its exigencies would permit to each story as a whole and to the possibility of its publication at some distant day apart from the machinery in which it had its origin The characters of Master Humphrey and his three friends and the little fancy of the clock were the result of these considerations When he sought to interest his readers in those who talked and read and listened he revived Mr Pickwick and his humble friends not with any intention of reopening an exhausted and abandoned mine but to connect them in the thoughts of those whose favourites they had been with the tranquil enjoyments of Master Humphrey About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
