## **Murdoch Cop English Edition:**

*Iris Murdoch's Practical Metaphysics* Lesley Jamieson, 2023-07-29 This book explores Iris Murdoch as a philosopher who through her distinctive methodology exploits the advantages of having a mind on the borders of literature and politics in her early career writings pre *The Sovereignty of Good* By focusing on a single decade of Murdoch's early career Jamieson tracks connections between her views on the state of literature and politics in postwar Britain and her approach to the philosophy of mind and moral philosophy Furthermore this close study reveals that far from a stylistic quirk Murdoch's use of metaphors analogies and other literary devices is internal to her methodology Finally rather than asking what Murdoch's views are this work will ask what is Murdoch trying to achieve with her writings and public lectures and how does she go about this By answering the latter question we will have a new strategy for interpreting her writings more generally The book contributes to the growing body of scholarship focusing on Iris Murdoch's philosophical writings and on women in the history of analytic philosophy

**Branch Library Book News**, 1925 **The Battle for George Square 1919** Gordon Barclay, Louise Heren, 2025-10-16 The Battle of George Square a riot during the Forty Hours Strike in Glasgow on 31 January 1919 is routinely claimed to be one of the most iconic events in Scottish working class history It is also the most mythologised For a century the narrative created for the defence of the strike leaders charged with incitement to riot an unprovoked attack on a peaceful crowd as an act of oppression has been repeated uncritically by academic and popular writers Mythology has almost completely replaced reality most notably in the Scottish education system where educational materials have been described by two prominent historians as arrant propaganda and a perversion of history Now Gordon Barclay and Louise Heren have undertaken a meticulous examination of the contemporary evidence to tell a more complex story In doing so they examine the ways writers have failed to subject the celebratory mythology of this iconic event to adequate scrutiny They document the creation of the mythology from the writings of the strike leaders to those who use the mythology of the Battle to promote their own politics They also examine the legal basis and reality of the military deployment to Glasgow in the aftermath of the riot *West Papua & Indonesia Since Suharto* Peter King, 2004 This book reviews the long guerilla struggle of the Organisasi Papua Merdeka OPM for a Free Papua and traces the rise of a non violent independence movement alongside it the Papua Council following the fall from power of Indonesia's military dictator General Suharto in 1998 **Library Catalog** Metropolitan Museum of Art (New York, N.Y.).
