Introduction

Thank You for Purchasing a John Deere Product

We appreciate having you as a customer and wish you many years of safe and satisfied use of your machine.

Using Your Operator's Manual

This manual is an important part of your machine and should remain with the machine when you sell it.

Reading your operator's manual will help you and others avoid personal injury or damage to the machine. Information given in this manual will provide the operator with the safest and most effective use of the machine. Knowing how to operate the machine safely and correctly will allow you to reap returns and maximize the machine.

If you have an attachment, use the safety and operating information in the attachment operator's manual along with the machine operator's manual to operate the attachment safely and correctly.

This manual and safety signs on your machine may also be available in other languages (see your authorized dealer's office).

Warnings in your operator's manual are placed in a specific order to help you understand all the safety messages and learn the correct or correct use of the machine safely. You can also use this manual to answer any specific operating or working questions. A convenient index located at the end of this book will help you to find needed information quickly.

The machine shown in this manual may differ slightly from your machine, but will be similar enough to help you understand key instructions.

Adjustment and adjustment values are determined by testing in the field. The machine will have when going forward. When you see a number in () — () the first reference is a number from zero.

Before adjusting the machine, your dealer performed a procedure, regardless of which tool performance.

Machine Use

The machine is designed solely for use in customary farm planting and light ground work operations. Use in any other way is considered an alteration to the intended use.

The manufacturer accepts no liability for damage or injury resulting from the machine, and from any modification made solely to the user. Consequences with and without reference to the possibility of operation, accident and injury as specified by the manufacturer. Also constitute essential elements for the intended use.

This machine should be operated, serviced and repaired only by persons familiar with all its particular characteristics and equipped with the relevant safety rules (personal protection). The operator protection requirements, all other personal equipment requirements in safety and occupational machines and the user must, regardless of machine, observe all rules.

Setting fuel delivery beyond published factory specifications or otherwise tampering will result in loss of warranty protection for this machine.

Any other modifications carried out on this machine will void the manufacturer's liability for any resulting damage or injury.

Special Messages

This manual contains special messages to bring attention to potential safety concerns, machine damage or performance/operating and working information. Please read all the information carefully to avoid injury and machine damage.
