Give Me a Break John Stossel, 2005 *Swinging with Safety* Robert Adler, 2018-05-03 *Swinging with Safety* is a comprehensive guide to the history behavioral etiquette common stumbling blocks and lifestyle norms of the swinging subculture Written by the co founder of one of the most popular and far reaching lifestyle clubs in the United States Robert Adler records his observations and ruminations in this remarkable text Contrary to common belief and portrayals in the media swinging is not sexual anarchy and is in fact based upon respect personal boundaries and the rule of No Only when the word No is unquestionably respected can a person or couple feel comfortable saying Yes The author makes keen distinctions between the couple s sport of swinging and other common alternative lifestyles such as open relationships polyamory and threesomes This text covers not only the evolution of modern day swinging but also contains insights into the psychological reasons for swinging into the protective benefits it offers to committed couples and contains chapters going in depth into the issues of jealousy morality fear and self esteem In the 1970s Robert and his wife Nancy began their exploration into non monogamous sexual sharing in a small community in Costa Rica Upon moving to Florida in 1981 and wanting to continue their explorations they found countless couples who were interested in partner sharing but who lived in a dearth of information of how to navigate it After making an offhanded joke one day that they really should teach a class in swinging Robert and Nancy held their first seminar And then another and another until it grew into a community composed entirely of committed couples looking to explore recreational sex Each and every one of the 200 active couples had completed the seminar and were held to a set standard of behavior including universal respect and the rule of No These behavioral standards worked and as the members moved away the standards spread to now form the basis of the American swingers subculture It was Adler who first realized that in order to be self sustaining swingers had to move to a more matriarchal mindset rather than the patriarchal wife swapping out of which the lifestyle evolved Unfortunately Robert Adler passed away in 1993 before completing his work To honor his memory his loving widow Nancy has compiled this book from his writings and presents it here now in hopes of guiding and educating new couples on the structure and cultural norms of this alternative lifestyle Whether you are a monogamous couple interested but unsure about swinging an experienced swinger looking for tips on throwing your first house party or an academic researcher interested in first hand accounts and insights into alternative forms of sexuality this book is the one for you **The Swinging Paradigm** Edward M. Fernandes, 2009 The present study explored the marital and sexual satisfaction of a sample of 1 376 men and women swingers via an on line survey Marital and sexual satisfaction scales were used to measure the levels of satisfaction of the sample in both variables Demographics characteristics of the sample attitudes towards swinging experiences and swinging sexual behaviors were also examined Data analysis revealed that both men and women in the sample scored at the high end of the marital and sexual satisfaction scales Further statistical procedures yielded minimal differences between the scores of men and women in those measures the swinging experience was measure by multiple choice questions Regarding swinging activities and experiences

men and women swingers reported being satisfied with their swinging activities Men were more likely than women to have suggested swinging to their partners the two major reasons given for engaging in swinging activities were sexual variety and fantasy fulfillment most of the participants reported participating in swinging activities four to five times a year and finding their swinging partners via the Internet the demographic data revealed that the individuals in the sample were mostly white aged between thirty and fifty years of age in their first marriage college educated from urban or suburban areas and with a mean income between forty and seventy five thousand dollars yearly Most of the men reported being heterosexual while a small number reported being bisexual over half of the women reported having a bisexual orientation and only a small number were heterosexual the limitations of the study were described and discussed and the following recommendations were suggested Further research is needed with the swinging population to determine the impact of swinging on the family unit engage in further research with couples to evaluate the responses of each individual and conduct a comprehensive longitudinal study to gather information on the long term effects of swinging on the marital relationship *Swingers*, 1996 Press kit includes 1 pamphlet and 7 photographs **Swingers** Barry Calvert, 2002 *Swingers* R Jeremy, 2016-12-31 Daring kinky fun exhilarating and spicy are words thrown out when people think or talk about The Lifestyle Even though the swingers lifestyle is gaining popularity these days it's still something very few people talk about Notwithstanding many couples of today are looking for a little bit of adventure and a new way to spice up their relationships We all have our very own fantasies those we feel uncomfortable sharing with the world Right Well it's no news that the world is advancing at lightning speed and views that once could only be shared with one's pillow are now being practiced widely If you have been wondering what swinging is all about why couples swing or you have been in the dark on how to initiate the swinging talk with your partner or on how to get involved in it You just stumbled on a goldmine This eBook will talk about the swinging lifestyle in details that can't be found in any other resource You will learn about the rules of swinging how to deal with and prevent issues like jealousy how a lady and her partner should dress when going to a swinger's club or party what swingers must not do types of swingers and the list goes on and on *Swinging For Couples Vol. 2* Natalie Robinson, 2015-05-01 This is the intermediate level guide and the continuation from the first book *Swinging For Couples Vol 1 Beginner's Guide To The Swinging Lifestyle 25 Things You Must Know Before Becoming A Swinger* In this book we will cover the more advanced parts of swinging Swinging is about trust and trust is won through careful attention to rules paying attention to boundaries and not causing drama It is important to understand that swinging is not about having sex with anyone you feel like having sex with It is not about cheating on your spouse or partner It is as I said primarily about trust Swinging brought back that feeling couples had when they were first with their spouse or partner that excitement and anticipation they felt during the first date One aspect of swinging that most people may find hard to believe is that seeing other people interested in and desiring your partner can actually make you desire them more There is of course nervousness during your first few swaps The idea of
