**Mediation and Children's Reading** Anne Marie Hagen, 2022-03-29 This collection of essays explores the cultural significance of children's reading by analyzing a series of Anglo American case studies from the eighteenth century to the present. Marked by historical continuity and technological change, children's reading proves to be a phenomenon with broad influence, one that shapes both the development of individual readers and wider social values. The essays in this volume capture such complexity by invoking the conception of mediation to approach children's reading as a site of interaction among individual people, material texts, and institutional networks. Featuring a range of scholarly perspectives from the disciplines of literature, education, graphic design, and library and information science, this collection uncovers both the intricacies and wider stakes of children's reading. The books' public programs and archives that focus explicitly on children's interests and needs are powerful arenas that give expression to the key ideological investments of a culture.

**Understanding and Using Reading Assessment, K-12, 3rd Edition** Peter Afflerbach, 2017-12-20 Why do we assess reading? What do we assess when we assess reading? How, where, and when do we assess reading? Reading instruction and assessment expert Peter Afflerbach addresses these questions and much more in the 3rd edition of *Understanding and Using Reading Assessment K-12*. Using the CURRV model to evaluate reading assessment methods, including reading inventories, teacher questioning, performance assessment, and high stakes reading tests, Afflerbach considers the consequences and usefulness of each method, the roles and responsibilities of key stakeholders, and the reliability and validity of the assessments. In addition, he examines four important but often overlooked aspects of reading assessment: Assessment accommodation for English language learners and students with special needs; Assessment of noncognitive aspects of reading, such as motivation, engagement, self-concept, and self-efficacy; The use of formative and summative assessment; The importance of self-assessment in building reading independence. The book provides detailed case studies from all grade levels to illustrate reading assessment done well. It also includes 15 reproducible forms and checklists that teachers and administrators can use to optimize their reading assessment efforts. Students are expected to read increasingly complex texts and to complete increasingly complex reading-related tasks to demonstrate their growth as readers. This book offers teachers and administrators alike a clear path to helping students meet those expectations. This book is a co-publication of ASCD and ILA. New to the 3rd edition: New chapter: Formative and Summative Assessment; Three significantly revised chapters: Performance Assessment; Assessment Accommodation for English Learners and Students With Special Needs; Accommodation and Reading Assessment in 2nd edition; Assessing the Other Important Noncognitive Aspects of Reading. Fifteen reproducible and downloadable forms and checklists. *Get Those Guys Reading!* Kathleen A. Baxter, Marcia Agness Kochel, 2012-05-07 Want to identify fiction books that boys in grades three through nine will find irresistible? This guide reveals dozens of worthwhile recommendations in categories ranging from adventure stories and sports novels to horror, humorous, and science

fiction books In *Get Those Guys Reading Fiction and Series Books that Boys Will Love* authors Kathleen A Baxter and Marcia A Kochel provide compelling and current reading suggestions for younger boys information that educators librarians and parents alike are desperate for Comprising titles that are almost all well reviewed in at least one major professional journal or that are such big hits with kids that they ve received the stamp of approval from the most important reviewers this book will be invaluable to anyone whose goal is to help boys develop a healthy enthusiasm for reading It includes chapters on adventure books animal stories graphic novels historical fiction humorous books mystery horror and suspense titles science fiction and fantasy and sports novels Within each chapter the selections are further divided into books for younger readers grades 3 6 and titles for older boys in grades 5 8 Elementary and middle school librarians and teachers public librarians Title One teachers and parents of boys in grades 3 9 will all benefit greatly from having this book at hand Teaching Writing to English Language Learners in the Elementary Classroom Subrata Bhowmik,Marcia Kim,2025-10-29 This book focuses on research informed approaches and techniques for teaching writing to elementary English Language Learners ELLs The book highlights strategies for enriching writing literacy education for elementary ELLs With contributions from prominent scholars in the field of elementary ELL writing from around the world the chapters in this book focus on a wide range of topics including curriculum design metalanguage and translanguaging integrating playfulness into a genre based approach to writing instruction metacognitive instruction teaching the genre of school identity texts multimodal writing using mentor texts teaching science writing and interrogating raciolinguistic ideologies in assessment practices Together they highlight both the challenges and possibilities of writing instruction for elementary ELLs in diverse educational contexts This is a foundational text for students in TESOL programs focusing on writing instruction for ELLs as well as for pre and in service teachers who want to upgrade their teaching abilities and knowledge bases *Literacy in Grades 4-8* Nancy L.
