Lasagne are probably one of the oldest forms of pasta The ancient Romans ate a dish known as lasana or lasanum which is believed to have been similar to today s lasagne al forno baked lasagna This was a thin sheet of dough made from wheat flour which was baked in the oven or directly on the fire Some food historians believe this pasta to be even older claiming that the word originally comes from the Ancient Greek word laganon and was borrowed by the Romans In both cases the original words referred to a cooking pot and eventually the dish was named after the pot it was prepared in In the Middle Ages baked lasagne became so widespread that many Italian poets and writers mentioned it in their writings Many of the recipes from the Middle Ages onwards describe a dish more like the one we know today which had layers of pasta sheets that were cooked with meat and or cheese between them However it wasn t until tomatoes started to be used in Italian cooking around 1800 that lasagne al forno started to look more like the dish many of us call lasagna **Lasagna Recipes** Katy Lyons,2023-02-20
