## **Magic Religion Cannabis:**

**Magic, Religion and Cannabis** Steven Hager, 2014-11-20 Leela is the ancient spirit running through all things that birthed the universe according to Krishna The word translates as play without profit or motive other than fun and it's this vibration that all sacred clowns in history devoutly follow The idea is not to make war on religion but to help it evolve so we can put an end to war for religion because right now religion is the problem and not the solution Religion and magic are the same thing and a sense of enchantment has always been an essential part of ceremony and ritual Steven Hager *Cannabis in the Ancient Greek and Roman World* Alan Sumler, 2018-10-31 Did the ancient Greeks and Romans use psychoactive cannabis Scholars say that hemp was commonplace in the ancient world but there is no consensus on cannabis usage According to botany hemp and cannabis are the same plant and thus the ancient Greeks and Romans must have used it in their daily lives Cultures parallel to the ancient Greeks and Romans like the Egyptians Scythians and Hittites were known to use cannabis in their medicine religion and recreational practices Cannabis in the Ancient Greek and Roman World surveys the primary references to cannabis in ancient Greek and Roman texts and covers emerging scholarship about the plant in the ancient world Ancient Greek and Latin medical texts from the Roman Empire contain the most mentions of the plant where it served as an effective ingredient in ancient pharmacy Cannabis in the Ancient Greek and Roman World focuses on the ancient rationale behind cannabis and how they understood the plant's properties and effects as well as its different applications For the first time ever this book provides a sourcebook with the original ancient Greek and Latin along with translations of all references to psychoactive cannabis in the Greek and Roman world It covers the archaeology of cannabis in the ancient world including amazing discoveries from Scythian burial sites ancient proto Zoroastrian fire temples Bronze Age Chinese burial sites as well as evidence in Greece and Rome Beyond cannabis Cannabis in the Ancient Greek and Roman World also explores ancient views on medicine pharmacy and intoxication **Medicine, Magic, and Religion** William Halse Rivers Rivers, 1924 **Green Gold the Tree of Life** Chris Bennett, Lynn Osburn, Judy Osburn, 1995 **Seeking the Sacred with Psychoactive Substances** J. Harold Ellens, 2014-10-28 Can drugs be used intelligently and responsibly to expand human consciousness and heighten spirituality This two volume work presents objective scientific information and personal stories aiming to answer the question The first of its kind this intriguing two volume set objectively reports on and assesses this modern psycho social movement in world culture the constructive medical use of entheogens and related mind altering substances Covering the use of substances such as ayahuasca cannabis LSD peyote and psilocybin the work seeks to illuminate the topic in a scholarly and scientific fashion so as to lift the typical division between those who are supporters of research and exploration of entheogens and those who are strongly opposed to any such experimentation altogether The volumes address the history and use of mind altering drugs in medical research and religious practice in the endeavor to expand and heighten spirituality and the sense of the divine providing unbiased coverage of the relevant arguments and

controversies regarding the subject matter Chapters include examinations of how psychoactive agents are used to achieve altered states in Judaism Christianity Islam and Buddhism as well as in the rituals of shamanism and other less widely known faiths This highly readable work will appeal to everyone from high school students to seasoned professors in both the secular world and in devoted church groups and religious colleges *Cannabis* Chris Bennett,2022-04-20 What inspired Humanity to talk to the Gods and record the texts of ancient times that led to many of the World s major religions Over the last few decades something has been emerging from the sands of time and ancient archaeological material is revealing something that was both hidden and lost In 2020 archeologists examining a 2 800 year old temple site in Arad Jerusalem revealed that cannabis resins had been burnt on an altar in a small enclosed chamber Another find of cannabis used for medical purposes both topically and burnt were recovered at a 4th century CE site in Bet Shemesh Israel testifying to the use of cannabis in the region over a 1 200 year period In the 1900s the Russian archeologist Victor Sarianidi uncovered 3 large 4 000 year old temple sites in the Bactria Margiana Archeological Complex and claimed evidence of cannabis ephedra and poppy in the preparation of the sacred drinks of the Avesta and Vedas haoma and soma Sacred Zoroastrian texts refer specifically to the use of cannabis infused wines for revelation Multiple Indo European sites ranging from Europe to Central China have revealed that cannabis was burnt and consumed in beverages in funerary rituals dating as far back as 5 500 years ago and continuing for thousands of years In India cannabis is still taken in devotion to the oldest continually worshipped god in the world Shiva What was cannabis role with our distant ancestors is cannabis the Lost Sacrament of the Ancient World
