Mr. Bill's Guide to Child Daycare William McNeely, 2011-09-28 Is it time for you to make a decision about childcare Are you being faced with the agonizing decision about which type of care is best for your child and you Are your particular circumstances leaving you with no other choice but to send your child to a daycare center Every parent knows there are always going to be times when you are personally unable to look after your child no matter how much you want to This is when a quality daycare center becomes a necessity Deciding to send your child to a daycare center is one of the most important decisions that you will ever make Naturally your goal is to choose the best solution for both you and your child The decision you make will impact your entire family Your decision needs to bring you peace of mind After all your child is going to be under the care of other people who may not be initially familiar to you The safety and well being of your child are of the utmost importance So of course you really need to take the time and effort to look for the best daycare situation that will allow you to feel secure with your decision With such an important issue before you you need to become educated about the childcare industry and the choices you have to make It is imperative that you do some research well in advance in order to discover which fit is best for your precious child The process of researching and choosing the best type of childcare available to you can be an exhausting and overwhelming one Who wouldn't welcome a helping hand to simplify the learning and decision making process That's where William T McNeely comes in Known affectionately throughout the industry as Mr Bill Bill McNeely is an educator and seasoned childcare center operator with Patti Cake Child Care facilities located throughout Waukegan Gurnee Libertyville and Chicago

Seaman Author of The Greatest Experiment Ever Performed on Women Exploding the Estrogen Myth **The Smart & Easy Guide To Daycare & Childcare** Sara Lowery, 2013-10-24 For parents today deciding what the best option for daycare for your children is may not be a simple decision More than ever before both parents must work in order to make ends meet necessitating some sort of care option for the children For families where only one parent works there are still many options to consider when it comes to what is best for you and your children The Smart Easy Guide To Daycare Childcare Your Guide Book to Day Care Child Care Options Inside Outside the Home provides a wealth of information on the variety of different childcare options available to parents whether just one or both parents work There are pros and cons to each type of childcare and what will ultimately work for you and your family is based on a number of factors from finances to values In home childcare is care provided out of the provider s home For example a neighbor could offer childcare services whereby your children are simply dropped off and picked up at her home The guide brings forth a number of benefits as well as considerations including licensure and cost Daycare centers or professional locations that provide licensed daycare services are a common choice for many parents There are stringent rules and guidelines at these facilities and they have their benefits and disadvantages Many parents are concerned about the more industrial setting of the care provided vs in home care as well as the lack of one on one attention in large daycare facilities However these facilities are often licensed and staffed with trained and qualified professionals that can provide learning and socialization advantages Au pairs and nannies provide in home child care at your home In some cases these people will live with their clients but for the most part they keep regularly scheduled hours Duties can be more varied but this depends on the contract Typically nannies and au pairs provide in home childcare services and perhaps light cleaning or food prep duties These services tend to be far more expensive than more traditional childcare services but they boast a variety of benefits The children are cared for in the comfort of their own surroundings One on one attention is provided for the children More individualized services can be provided House cleaning errand running etc may also be included in these services For children with specialized needs or parents who have the means to provide nannies and au pairs this may be the best option as it allows the child to stay in their home and receive truly individualized and personalized services Your child can become familiar with the nanny or au pair rather than a changing battery of care providers No childcare option is cheap and a family s budget is most often the deciding factor on the type of childcare chosen Each of these types of childcare comes with their own unique price tag as well as benefits and disadvantages The Smart Easy Guide To Daycare Childcare Your Guide Book to Day Care Child Care Options Inside Outside the Home provides an honest assessment of each type of care and provides good advice as to what daycare setting will best work for your needs and budget The guide also provides an immensely helpful section detailing how families can save money without sacrificing quality When it comes to our children we want what is best for them Today many families have two working parents which necessitates a high quality childcare option Even families with just one working
