Mbchb Applications For 2016 At Medunsa

Tom Shanahan

Mbchb Applications For 2016 At Medunsa:

Biotechnology of Medicinal Plants with Antiallergy Properties Saikat Gantait, Jayoti Majumder, Amit Baran

Sharangi, 2024-05-30 This book comprehensively covers critically investigated information on medicinal plants prioritized for their anti allergy properties It offers insights into strategies related to the distribution mechanism of action and assessment of antiallergic medicinal plants and also delves into crucial aspects of modern biotechnological tools addressing their implementation challenges presenting innovative approaches through case studies and exploring opportunities for nanotechnologies These elaborated discussions aim to raise awareness and bridge the gap between human health and the biodiversity of antiallergic medicinal plants As the book navigates the uncertainties of plant based medicines in the post COVID 19 era it provides real world applications showcasing the specific utility of medicinal plants through advanced biotechnological insights This book covers several medicinal plants associated with antiallergy exploring their modes of action available secondary metabolites and estimation methods It also emphasizes all modern biotechnological interventions aimed at propagating multiplying and conserving this unique treasure trove of medicinal plants The World Health Organization estimated that 80% of the populations of developing countries rely on traditional medicines mostly plant drugs for their primary health care needs Increasing demand in both developing and developed countries resulted in the expanding trade of medicinal plants and has serious implications for the survival of several plant species with many under threat of becoming extinct This book describes various approaches to conserving these genetic resources It discusses the whole spectrum of biotechnological tools from micro propagation for large scale multiplication and cell culture techniques to the biosynthesis and enhancement of pharmaceutical compounds in plants It also discusses the genetic transformation as well as short to long term conservation of plant genetic resources via synthetic seed production and cryopreservation respectively This reference book is useful for researchers in the pharmaceutical and biotechnological industries medicinal chemists biochemists botanists molecular biologists academicians students as well as allergic patients traditional medicine practitioners scientists in medicinal and aromatic plants and other traditional medical practitioners *ICASD MBW 2022*

Mangesh M Ghonge, Akanksha Upadhyaya, Richard A Montanaro, 2023-02-28 In today s complicated environment strategic organizational decision making is a dynamic process marked by a high degree of uncertainty It is anticipated that the technological potential of artificial intelligence AI will provide additional support but research in this area is still in its early stages Nonetheless because the technology is intended to perform functions beyond those of traditional machines the implications for the division of work and the defining of roles established in the current human machine relationship are being explored with more awareness Taking this into consideration ICASD MBW 2022 was flourishingly organized on Dec 16 17 2022 at Rukmini Devi Institute of Advanced Studies Delhi The conference was organized with the purpose to see the applications of AI in the business world and management decision making More than 100 participants from around the world

participated in the conference and shared their insights and research ideas relevant to the theme of the conference We are pleased to inform you that following careful evaluation the conference panel has chosen 21 excellent papers from the submissions and assembled them into the proceedings The following themes are included in the proceedings although they are not restricted to AI in Human Resources AI in Finance AI in Education AI in Marketing Statistical analysis etc Each manuscript has undergone thorough review and editing in order to ensure that it satisfies publication standards

Understanding Relational and Group Experiences through the Mmogo-Method® Vera Roos,2016-07-13 This volume describes the development and application of the Mmogo method as a projective visual data gathering method applied in different contexts and with different groups of people Mmogo means togetherness in Setswana one of the 11 official languages of South Africa The Mmogo method provides a deep understanding of personal relational and group experiences and is particularly useful in cross cultural contexts and across age groups By allowing visual expressions of the self as a complex dynamic social system it overcomes some of the limitations of traditional data collection methods such as questionnaires or interviews The book draws together contributions by leading social scientists to show how this flexible visual data collection method can be used independently or jointly with other data gathering techniques such as journalling or in depth interviewing to acquire rich information The research method described here enables investigators to access perceptions feelings and personal experiences participants might otherwise find hard to verbalize and explain Researchers in disciplines such as education social sciences consumer sciences market research and city and town planning will find this book and its innovative method particularly valuable in addressing a gap in available visual and other data collection resources

Spiritual Adrenaline Tom Shanahan,2019-01-15 A lifestyle plan that integrates nutrition exercise and spiritual practices into the proven method of twelve step recovery Personal trainer and sports nutritionist Tom Shanahan outlines a program of action to energize reboot and strengthen one s recovery especially those who feel they may have hit a wall in their program Spiritual Adrenaline imparts the importance of a holistic approach to fitness good eating habits and connection to a personal higher power Shanahan delivers engaging instructive and thoughtful meditations that provide positive coping mechanisms to help readers optimize the guiding principles of the Twelve Steps and reinforce relapse prevention
