## **Motherly Lust English Edition:**

*Mother Isn't Dead, She's Only Sleeping* Kit Reed, 1961      **A Delicate Choreography** David Sabeau, 2023-10-24

The origins of the incest taboo have puzzled many of the most influential minds of the West from Plutarch to St Augustine St Thomas Aquinas Martin Luther David Hume Lewis Henry Morgan Sigmund Freud Emile Durkheim Edward Westermarck and Claude Lévi Strauss This book puts the discussion of incest on a new foundation It is the first attempt to thoroughly examine the rich literature from philosophical theological and legal treatises to psychological and biological genetic studies to a wide variety of popular cultural media over a long period of time The book offers a detailed examination of discursive and figurative representations of incest during five selected periods from 1600 to the present The incest discussion for each period is complemented with a presentation of dominant kinship structures and changes without arguing for causal relations Part I deals with the legacy of ecclesiastical marriage prohibitions of the Middle Ages Historians dealing with the Reformation have wondered about the political and social implications of theological debates about the incest rules the Enlightenment opted for sociological considerations of the household and a new anthropology based on the passions Baroque discourse focused upon sexual relations among kin by marriage while Enlightenment and Romantic discussions worried the intimacy of siblings The first section of Part II deals with the six decades around 1900 during which European and American cultures obsessed about the sexuality of women Almost everyone concurred in the idea that mother made the family what it was that she configured the household kept the lines of kinship vibrant and stood at the threshold as stern gatekeeper and many thought that she managed these tasks through her sexuality and an eroticized relationship with sons Another story line taken up in the section Intermezzo this one about the physical and mental consequences of inbreeding appeared after 1850 To what extent do close kin marriages pose risks for progeny At its center lay the incest problematic now restated Is avoidance of kin genetically programmed Do all cultures know about risks of consanguinity As for the twenty first century evolutionary and genetic assumptions are challenged by a living world population containing roughly one billion offspring of cousin marriages Part III deals with one of the perhaps most remarkable reconfigurations of Western kinship in the aftermath of World War I The shift from an endogamous to an exogamous alliance system centered on the nuclear family An historical anomaly this family form began to dissolve almost as soon as it came together and in the process shifted the focus of incest concerns to a new pairing father and daughter By the 1970s when the father daughter problematic swept all other considerations of incest aside that relationship had come to be modeled for the most part around power and its abusive potential As for incest its representations in the last three decades of the twentieth century no longer focused on biologically damaged progeny but rather on power abuses in the nuclear family sexual abuse By the mid 1990s Western culture at least partly redirected its gaze away from father and daughter towards siblings especially towards brothers and sisters and the sexual boundaries and erotics of their relationships Correspondingly siblings became a model organism for psychotherapy

evolutionary biology and the science of genetics      *Information and illustration: helps for sermons* George Seaton  
 Bowes,1884      *Trifles and Six Other Short Plays* Susan Glaspell,1926      The Great Mother Massimiliano Gioni,Roberta  
 Tenconi,2015 Whether as a symbol of creativity or as a metaphor for art itself the archetype of the mother has been a central  
 figure in the history of art from the Venuses of the Stone Age to the bad girls of the postfeminist era and through centuries of  
 religious works depicting innumerable maternity scenes The more familiar version of Mamma has also become a stereotype  
 closely tied to the image of Italy In undertaking an analysis of the representation of motherhood the catalogue *The Great  
 Mother* will trace a history of women s empowerment chronicling gender struggles sexual politics and clashes between  
 tradition and emancipation The volume will mix past and present juxtaposing contemporary art historical works and artifacts  
 from the world of film and literature weaving a rich tapestry of associations and images The volume will bring together  
 nearly 300 colour images illustrating monographic texts and in depth information on all the artists in the exhibition and a  
 collection of new essays and criticism written specifically for the occasion by Massimiliano Gioni Lucia Re Adrien Sina Ruth
