Employment Guarantee Programme and Dynamics of Rural Transformation in India Madhusudan Bhattarai, P.K. Viswanathan, Rudra N. Mishra, Cynthia Bantilan, 2018-06-08 This book offers an assessment of the performance impact and welfare implications of the world's largest employment guarantee programme the Mahatma Gandhi National Rural Employment Guarantee Act MGNREGA Launched by the Indian government the programme covers entire rural area of the country The book presents various micro level analyses of the programme and its heterogeneous impacts at different scales almost a decade after its implementation While there are some doubts over the future of the scheme as well as its magnitude nature and content the central government appears committed to it as a convergence scheme of various other welfare and rural development programmes being implemented at both national and state level The book discusses the outcomes of the programme and offers critical insights into the lessons learnt not only in the context of India but also for similar schemes in countries in South and South East Asia as well as in Africa and Latin America Adopting inter disciplinary perspectives in analysing these issues this unique book uses a judicious mix of methods integrating quantitative and qualitative tools and will be an invaluable resource for analysts NGOs policymakers and academics alike National Union Catalog, 1980 Includes entries for maps and atlases **Public Works as a Safety Net** Kalanidhi Subbarao, Carlo del Ninno, Colin Andrews, Claudia Rodríguez-Alas, 2012-12-11 A review of the conceptual underpinnings and operational elements of public works programs around the world drawing from a rich evidence base and analyzing previously unassimilated data to fill a gap in knowledge related to public works programs now so popular **Accessions List, India** American Libraries Book Procurement Center, New Delhi, 1968 *University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects* University of California (System). Library of Congress Office, New Delhi, 1971 *Library of Congress Catalog* Library of Congress, 1965 A cumulative list of works represented by Library of Congress printed cards **Quarterly Journal of the Local Self Government Institute (Bombay)**. Local Self-Government Institute (Bombay), 1989 *Indian Books in Print*, 2002 World Development Report, 1982, 1982 This report reviews development prospects in the international economy and supplements the extensive discussion of adjustment issues in the 1981 World Development Report It finds that although international prospects have worsened over the past year during the remainder of the decade the middle income countries should be able to continue narrowing the income gap

between themselves and the industrial countries The prospects for many of the low income countries however remain a matter of grave concern The report concentrates on agriculture which remains the chief source of income for close to two thirds of the population in developing countries and for the vast majority of the world s poor Informing the discussion is the experience gained by the World Bank in helping to finance some 800 agricultural and rural development projects in more than 70 countries experience supported by its broad intensive programs of economic scientific and social research Numerous tables and multicolor maps and graphics supplement the main body of the report case studies are interspersed to provide analyses directly related to the substance of the text The final portion of the report comprises world development indicators 25 two page tables containing economic and social profiles of more than 120 countries *The WTO Agreement on Agriculture and Food Security* Christopher Stevens,2000 This report deals with an area of overlap between two large areas of study on livelihoods and food security and on international trade and policy Whilst it concentrates on one small element of each of these broad areas and so ignores many questions it does so for a good reason This is to avoid the danger that the WTO agricultural negotiations fail to contribute as strongly as they might to the promotion of food security precisely because the two areas of work and study overlap only at the margins **People's Raj** ,1973
