Motorcycle Diaries Teacher Guide:

The Motorcycle Diaries Nadia Lie, 2022-09-02 The first monograph to examine Walter Salles' *The Motorcycle Diaries*, this book explains the significance of Salles' film with respect to the specific category of youth culture as a historically and culturally situated concept. *The Motorcycle Diaries* looks at the film's engagement with emerging adulthood, the importance of travel as a source of self-discovery, and the film's impact on the iconicity of Che Guevara, the international emblem of a restless rebellious youth. Combining insights from transnational film studies, tourism studies, and affect theory, as well as drawing on extensive historical materials, this book provides not only a necessary addition to existing scholarship on this popular movie but also an inspiring model for the analysis of film in relation to youth culture, a burgeoning field of interest in Latin American scholarship. It will interest any scholar in film studies, specifically transnational cinemas, global cinema, Latin American cinema, Latin American history, postcolonial studies, cultural studies, tourism studies, and global politics. Social Studies for Secondary Schools Alan J. Singer, 2014-10-08 Now in its 4th edition, this popular text for secondary social studies methods courses integrates discussions of educational goals and the nature of history and social studies with ideas for organizing social studies curricula, units, lessons, projects, and activities. A major theme throughout is that what teachers choose to teach and the way they teach reflect their broader understanding of society, history, and the purpose of social studies education. Advocating an inquiry and activity-based view of social studies teaching that respects the points of view of students and teachers and is based in practice and experience, it offers systematic support and open, honest advice for new teachers.
