later but by then he had already grown weary of military glory As the years passed the tsar who defeated Napoleon would become increasingly preoccupied with his own spiritual salvation an obsession that led him to pursue a rapprochement between the Orthodox and Roman churches When in exile Napoleon once remarked of his Russian rival He could go far If I die here he will be my true heir in Europe It was not to be Napoleon died on Saint Helena and Alexander succumbed to typhus four years later at the age of forty eight But in this richly nuanced portrait Rey breathes new life into the tsar who stood at the center of the political chessboard of early nineteenth century Europe a key figure at the heart of diplomacy war and international intrigue during that region s most tumultuous years      *Miscellaneous Papers Connected with Physical Science* ,1877      *Focus on Physical Science* Charles H.
