Pack of Lies JP Bernbach,2014-02-22 *Pack of Lies* is a collection of forty arguments divided into four volumes Each of the chapters takes on one of the alleged most destructive conservative propagations in America today and systematically deconstructs it arguing that the GOP has caused tens of millions of Americans into believing and accepting them as conventional wisdom

Failure Vicki E. Alger,2016-07-01 A comprehensive account and frank assessment of federal involvement in education is long overdue Education policy expert Vicki E Alger remedies this deficiency with her book *Failure The Federal Miseducation of America s Children* As its title indicates *Failure* makes no effort to sugar coat its findings Created in 1979 after a lobbying campaign that spanned generations the Department of Education has failed to live up to its promises Federal involvement whether related to testing funding or academic curricula has failed to abide by the Constitution s implication that education must remain the domain only of state and local governments and private institutions Most of all the central government s pervasive meddling in education has failed America s school children and their parents Education policy has long been mired in controversies often with opposing sides missing the mark *Failure* helps us step back from the skirmish du jour and redirects our focus to the big picture showing us what s gone wrong over the decades and the institutional causes of these failures It also offers a bold blueprint for returning the federal government to its constitutional role and for cultivating an educational system that meets the needs of students and parents rather than bureaucrats Concerned citizens of every stripe will benefit from *Failure* s history of federal education policy its brutally honest report card for the Department of Education its look at education systems across the globe and its ambitious policy recommendations *Failure* might even succeed in reframing the way the federal education establishment thinks about education policy
