Lyall Watson Romeo Error:

The Romeo Error Lyall Watson, 1975 The only thing that makes death distinct from all other diseases and disorders is that everybody gets it writes Lyall Watson Here he presents an intriguing and completely original look at our ideas of and our knowledge about that inescapable phenomenon which he suggests may be only the beginning of a far more fantastic existence than what we call life Combining fifteen years scientific research with his own theories and experiences Watson discusses all that is known about the biology of life and therefore of death He explores the very real problem of deciding when death actually occurs and considers our psychological and social attitudes toward death to show how we are programmed from childhood not to look beyond it But death may in no way be final he speculates describing the many varieties of reincarnation the activities of spiritualists and both out of the body and other body experiences as manifestations of another realm of being Focusing on these extraordinary happenings The Romeo Error leaves little doubt that there is far more to both life and death than we are able to comprehend by the poor evidence of our five senses that in fact the two may be indistinguishable with what we call death merely a change of state often temporary and sometimes even curable front and back flaps *User Guide & Handbook for Understanding the Universe & Mortal Experience* Bob Maddison, 2014-10-09 CONTAINING VALUABLE DATA INFORMATION IN EASY TO READ FORM THAT YOU WILL NEED TO OBTAIN MAXIMUM BENEFIT AND ENJOYMENT OF YOUR MORTAL EXPERIENCE Primarily its designed to find fast accurate reliable information about a great variety of questions For example I get asked a lot of questions about god without a hint of their meaning or definition of the god subject of the question Is there a god or even any form of god The answer is yes or no depending ENTIRELY on your interpretation or understandings or even unfortunately influences external to yourself We say thank god Should we all freely say this Yes of course and with grace and gratitude But who what where and why is this god Is he she it internal or exterior to yourself Or indeed both of those We can confidently and freely remove the awe sacred or grovelling fear or reverence and endless worship adoration imposed by millennia of vain religion Its all inside this user guide

The Zen of Living and Dying Philip Kapleau, 1998-04-14 To live life fully and die serenely surely we all share these goals so inextricably entwined Yet a spiritual dimension is too often lacking in the attitudes circumstances and rites of death in modern society Kapleau explores the subject of death and dying on a deeply personal level interweaving the writings of Western religions with insights from his own Zen practice and offers practical advice for the dying and their families I Can See Clearly Now - 3rd Edition Bob Maddison, 2013-10-20 This is the ultimate story of the origin of the univers a subsequent god and humanity and every one s search for reality Seriously **"What's It All About?"** Bob Maddison, 2013-05-09 22 Essays covering every major issue including the real nature origin of our universe Who or what God really is Human origin nature and fate Almost every aspect of human life history and even human nature is accurately revealed and understood It is a stunning review of humanity and his real nature plus some major faults in human history and

current paradigms This is a time to re assess reality You can now identify your real ability nature and potential or the real nature of Jehovah or God without the facade or religion Yes death and its consequences are covered These essays cover not only the origin of the universe but also the social disruption of topics from gun control to bank mortgages and property value escalation In these limited essays I have covered almost every aspect of individual human life upon this planet I only ask that people do not blindly follow laws ordinances of religion church government but always ask questions Then finding them ask more now and then 2 Bob Maddison,2012-09-05 Lost civilizations Origins of mankind Why does mankind seem to need religion Why is there so much confusion and mental indigestion manifest among not only rank and file mankind but also actively demonstrated by the academics After all does it really matter who built the pyramids of Egypt Or when they were built Does it matter that there are so many confusing and conflicting claims by the proponents of the many religions So who or what is God Is it Jehovah Allah Krishna or Enlil Or perchance it is a fiction And what does it matter or avail if we understand the true origins of man or not If we cannot correctly understand who and what mankind is how can we ever know and understand what angels demons gods God or aliens are Is it that we are the aliens and this was not our earth
