Magie Noire MORGAN QUINN, 2024-01-14 Morgan Quinn un auteur qui nous emmène dans un voyage profond et clairant dans le monde de la sorcellerie et de la spiritualité. Le TROISIÈME VOLUME est extraordinaire. Magie noire. Un manuel complet de sorcellerie et de spiritualité pour couvrir les rites magiques de la vie quotidienne et éclairer le chemin personnel est un guide révolutionnaire qui invite les lecteurs à intégrer la magie dans les détails ordinaires de la vie quotidienne en couvrant la transformation du pouvoir de rituels magiques. L'introduction de ce livre avec sa prose convaincante invite les lecteurs à considérer la magie comme un aspect intrinsèque de leur existence quotidienne, éclairant le chemin vers une connexion plus profonde avec leur propre spiritualité. Quinn partage des anecdotes personnelles qui montrent comment la sorcellerie peut être un compagnon constant dans la vie quotidienne, offrant un soutien, des conseils et une magie inattendue. Morgan Quinn ne néglige pas l'importance de l'introspection et de la croissance personnelle dans la pratique magique quotidienne. Elle guide les lecteurs dans l'exploration de leur propre voyage intérieur à travers la sorcellerie, les aidant à couvrir les réponses en eux-mêmes. Avec des exercices pratiques et des conseils avisés, Quinn offre un soutien inestimable à ceux qui cherchent à approfondir leur compréhension d'eux-mêmes et du monde qui les entoure. Le style convaincant du manuscrit et sa profonde compréhension de la sorcellerie contemporaine continuent d'éclairer le chemin des aspirants sorciers et des chercheurs spirituels. It follows the frictions and connections of magic and science as they occurred in the world of popular entertainment in France from the mid-eighteenth to the early twentieth century. It situates conjurers within the broader culture of science and argues that stage magic formed an important popular conduit for science and scientific enthusiasm during this period. From the scientific recreations of the fairs to the grand illusions of the theatre stage and the development of early cinema, conjurers used and were inspired by scientific and technological innovations to create illusions, provoke a sense of wonder, and often even instruct their audience. In their hands, science took on many meanings and served different purposes: it was a set of pleasant facts and recreational demonstrations upon which to draw; it was the knowledge presented in various scientific lectures accompanied by optical projections; at magic shows, it was the techniques necessary to create illusions and effects on stage and later on at the cinema; and it was a way to separate conjuring from the deceit of mediums, mystical showmen, and quacks in order to gain a better standing within an increasingly scientifically minded society.
