**Reflections of a Cold War Warrior** Ed McGushin Sr,2009-11 The author in a letter to his grandchildren recounts his experiences growing up under the threat of nuclear holocaust and launching a forty year career as a Cold War Warrior He

describes his training as an Army ranger and paratrooper and subsequent assignments to Berlin Germany when the Wall was built in August 1961 and as an 82nd Airborne Division company commander in the Dominican Republic in 1965 For two years he led the unglamorous but dangerous life of a combat unit advisor in Vietnam first with a Vietnamese parachute battalion in 1966 and again in 1972 with the Vietnamese Rangers during North Vietnam's Easter invasion After a capstone assignment to the Pentagon McGushin began a second career as a national security analyst designing modern command and control systems to counter the increasingly sophisticated Soviet threat McGushin successfully intertwines headline making world events with insights gained from personal experience throughout the Cold War With the dismantling of the Berlin Wall in 1989 followed quickly by the dismantling of the Soviet Union the Cold War ended Our Cold War Warriors were victorious

Notes on the History of Military Medicine Fielding H. Garrison, 1922      **Proceedings** Clifford C. Cloonan, 2002

Inside the Cold War: a Cold Warrior's Reflections - Bombers, Tankers, Reconnaissance, ICBMs, Submarines, SAC Alert Forces, Russian Cold Warriors, Curtis Lemay, Hyman Rickover Air University Press, U. S. Military, Department of Defense (DoD), Chris Adams, World Spaceflight News, U. S. Air Force (USAF), 2017-05-07 This publication reflects a compilation of excerpts from an unpublished broader treatment that recounts the nearly five decades of delicate coexistence between two nations known as the superpowers during the international conflict known as the Cold War Publication of this text fulfills one of the principal purposes in the original manuscript that is to pay tribute to that special breed of American heroes known as the Cold Warriors the men and women who served in the strategic nuclear forces during the Cold War Another purpose is to provide a brief parallel view of Soviet war fighters These two opposing groups of warriors served their respective countries faithfully during those critical years of roller coaster politics inconsistent diplomacy and occasional lunacy The Cold Warriors were the centerpiece of that protracted conflict many paid the supreme price This text attempts to provide a reasonably comprehensive essay on the Cold Warriors both American and Soviet their commitments their weapon systems their missions and their sacrifices It has been said that war is faceless the Cold War represents a time when two nations created unprecedented arsenals and stood ready to attack or be attacked by the faceless enemy The United States and the Soviet Union maintained that unprecedented mutual stance over a sustained period of time There were a series of critical events during this war including the Berlin Blockade the invasions of Hungary and Czechoslovakia the Korean and Cuban crises and the war in Vietnam All involved the Cold Warriors in one way or another They were often called upon to transition from their primary strategic nuclear combat preparation role into totally different mission environments and war fighting systems These transitions required retraining and reorientation as well as relocating Then they returned to their original strategic nuclear mission which required still more retraining reorientation and relocating From the Foreword I can think of no one more qualified or prepared to tell the Cold War story than Maj Gen Christopher S Adams USAF Retired In the trenches as a bomber pilot and missile crew member for most of his career he was part of that professional group expected to perform

flawlessly on every mission simulator ride or alert tour A tough but compassionate leader Chris was one of the most respected revered and effective wing and air division commanders in the history of SAC His leadership footprints are still visible in the halls of US Strategic Command even today He has a rare talent for unbiased observation an uncanny ability to cut through the chaff and the savvy to tell a gripping story This book Inside the Cold War tells that story in my view better than anything published to date Contents Chapter 1 The Cold Warriors Chapter 2 The Leaders Chapter 3 The Weapon Systems Chapter 4 Fun Games and Serious Business Chapter 5 Beyond the Call Chapter 6 The Soviet Cold Warrior
