quality UI and capture most of that market Will it be yours or someone else s Comments After reading a synopsis of this book The person in charge of redoing the homepage for a renowned university said that the solution was Absolutely right A representative for a worldwide Family History Genealogy Service said their Global Marketing Director agreed with the solution and shared it with both the CEO and the Director who oversees UI A CFO at a major insurance company agreed with my insight and said they are going to start moving in that direction A Director of National Accounts for a worldwide hotel chain said he wished he had this information earlier His company recently had a software program created for making reservations it was very high priced but it was a total mess and almost unusable because of the poor quality UI
