**Sex Matters** Mona Charen, 2018-06-26 Author of the New York Times bestseller *Useful Idiots* and popular columnist Mona Charen takes a close reasoned look at the aggressive feminist agenda undermining the success and happiness of men and women across the country In this smart deeply necessary critique Mona Charen unpacks the ways feminism fails us at home in the workplace and in our personal relationships by promising that we can have it all do it all and be it all Here she upends the feminist agenda and the liberal conversation surrounding women s issues by asking tough and crucial questions such as Did women s full equality require the total destruction of the nuclear family Did it require a sexual revolution that would dismantle traditions of modesty courtship and fidelity that had characterized relations between the sexes for centuries Did it cause the broken dating culture and the rape crisis on our college campuses Did it require war between the sexes that would deem men the enemy of women Have the strides of feminism made women happier in their home and work life The answer is No *Sex Matters* tracks the price we have paid for denying sex differences and stoking the war of the sexes family breakdown declining female happiness aimlessness among men and increasing inequality Marshaling copious social science research as well as her own experience as a professional as well as a wife and mother Mona Charen calls for a sexual ceasefire for the sake of women men and children

**Teaching to Change the World** Jeannie Oakes, Martin Lipton, Lauren Anderson, Jamy Stillman, 2018-01-29 *Teaching to Change the World* is an up to the moment engaging social justice oriented introduction to education and teaching and the challenges and opportunities they present Both foundational and practical the chapters are organized around conventional topics but in a way that consistently integrates a coherent story that explains why schools are as they are Taking the position that a hopeful democratic future depends on ensuring that all students learn the text pays particular attention to inequalities associated with race social class language gender and other social categories and explores teachers role in addressing them This thoroughly revised fifth edition remains a vital introduction to the profession for a new generation of teachers who seek to

become purposeful knowledgeable practitioners in our ever changing educational landscape for those teachers who see the potential for education to change the world Features and Updates of the New Edition Fully updated Chapter 1 The U S Schooling Dilemma reflects our current state of education after the 2016 U S presidential election First person observations from teachers including first year teachers continue to offer vivid authentic pictures of what teaching to change the world means and involves Additional coverage of the ongoing effects of Common Core highlights the heated public discourse around teaching and teachers and charter schools Attention to diversity and inclusion is treated as integral to all chapters woven throughout rather than tacked on as separate units Digging Deeper resources on the new companion website include concrete resources that current and future teachers can use in their classrooms Tools for Critique provides instructors and students questions prompts and activities aimed at encouraging classroom discussion and particularly engaging those students least familiar with the central tenets of social justice education      *Magic Lantern Art* Terry Borton,2026-01-02

*Magic Lantern Art* celebrates the life and artistry of cinema pioneer Joseph Boggs Beale 1841 1926 Beale was America s premier artist creating images for magic lantern shows the projected performances that gave birth to the movies His 2 000 lantern illustrations were made into story telling slides that were seen and admired by millions a year Almost single handedly he created American screen entertainment for the generation before the movies pioneering narrative techniques that later appeared on the nation s cinema screens *Magic Lantern Art* is based on both the author s extensive Beale archive now held by the Lucas Museum of Narrative Art in Los Angeles and on his 25 year career performing more than 1 000 professional lantern shows using Beale s slides Written in an engaging and accessible style and featuring over 500 color pictures the book is a must read for anyone interested in cinema history or American art      *Rare Earth Frontiers* Julie M. Klinger,2018-01-15

*Rare Earth Frontiers* is a work of human geography that serves to demystify the powerful elements that make possible the miniaturization of electronics green energy and medical technologies and essential telecommunications and defense systems Julie Michelle Klinger draws attention to the fact that the rare earths we rely on most are as common as copper or lead and this means the implications of their extraction are global Klinger excavates the rich historical origins and ongoing ramifications of the quest to mine rare earths in ever more impossible places Klinger writes about the devastating damage to lives and the environment caused by the exploitation of rare earths She demonstrates in human terms how scarcity myths have been conscripted into diverse geopolitical campaigns that use rare earth mining as a pretext to capture spaces that have historically fallen beyond the grasp of centralized power These include legally and logistically forbidding locations in the Amazon Greenland and Afghanistan and on the Moon Drawing on ethnographic archival and interview data gathered in local languages and offering possible solutions to the problems it documents this book examines the production of the rare earth frontier as a place a concept and a zone of contestation sacrifice and transformation      **Practical Farmer** ,1876
