Mark schemes must be read in conjunction with the question papers and the report on the examination.

- CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the May/June 2010 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

Finding Reliable Information Online Leslie F. Stebbins, 2015-09-16 We live in an information saturated environment and spend far too much time searching surfing skimming contributing and organizing the information in our lives We spend too little time immersing ourselves in reliable high quality information We are often so buried in information and strapped for time that we grab information like it was fast food without bothering to evaluate its quality Finding Reliable Information Online Adventures of an Information Sleuth uses stories or information adventures to illustrate the best approaches to searching for information and to help us develop our aptitude for locating high quality resources in a rapidly changing digital environment that is becoming proficient at monopolizing our attention with useless or unreliable information This book is about taking charge of the search process and not handing over the reins to search engines like Google Bing or Yahoo to dictate what information we consume Each chapter focuses on a quest for different types of information while digging deeper into the complexities of finding credible places to look for information and ways to think about evaluating it As the Internet evolves and becomes more sophisticated our strategies for finding and evaluating information need to evolve as well The stories in this book range from investigating challenging research questions to exploring health issues and everyday life questions like finding a reliable restaurant or product review These chapters go beyond the simple and more mechanical checklist approach to evaluating information though these factors are also discussed

Shielded Joanna Schwartz, 2023-02-14 Winner of the American Bar Association's Silver Gavel Award An urgent and definitive examination of how the legal system prevents accountability for police misconduct from one of the country's leading scholars on policing In recent years the high profile murders of George Floyd Breonna Taylor and so many others have brought much needed attention to the pervasiveness of police misconduct Yet it remains nearly impossible to hold police accountable for abuses of power the decisions of the Supreme Court state and local governments and policy makers have over decades made the police all but untouchable In Shielded University of California Los Angeles law professor Joanna Schwartz exposes the myriad ways in which our legal system protects police at all costs

with insightful analyses about subjects ranging from qualified immunity to no knock warrants The product of more than two decades of advocacy and research Shielded is a timely and necessary investigation into why civil rights litigation so rarely leads to justice or prevents future police misconduct Weaving powerful true stories of people seeking restitution for violated rights cutting across race gender criminal history tax bracket and zip code Schwartz paints a compelling picture of the human cost of our failing criminal justice system bringing clarity to a problem that is widely known but little understood Shielded is a masterful work of immediate and enduring consequence revealing what tragically familiar calls for justice truly entail
