Married Sneaky Black Woman:

Married Antoinette Smith, 2011-02-15 This has been some rollercoaster relationship I was the young bitch in the hood who found the money man of my dreams Spencer was a very wealthy man I thought I had him wrapped around my finger until he did the unthinkable Spencer was a man that got everything done just with the snap of his finger However he was sixty years old and I was only twenty when we got married The major problem was that he didn't satisfy me sexually but Eric did Eric was young athletic and good looking Eric fulfilled all of my sexual fantasies I wished that there was something more that I could do There were so many things I wanted to take back All of this turmoil was my fault It was a bed that I had made and I had to lay in it Forgotten Lost and Hidden America 2 Sequel James Davis III, 2016-06-06 Synopsis Forgotten Lost and Hidden America 2 Sequel is a continuation of the social issues growing up through the seventies and following years to come The main character Blake after serving some time in prison back in his old community he witnessed a negative transformation in the community the environment has improved but many of the people weren't the same due to drug addictions alcohol abuse unemployment and immigration This story raises several issues to bring about some awareness as the author sees it After some reviews of the first book the author believes that he needs to explain the two main characters in the story Sputnik and Blake The name Sputnik is actually a nickname of the author but he didn't use the name because it was his nickname He used the name because of what it represents the name derived from the Russians Soviet Union back in 1957 They sent up in orbit the first successful satellite and called it Sputnik What does a satellite do It sends signals to your television radio phone and computer and it communicates information In the story what does Sputnik do He's a mentor he communicates information about the street life to Blake Whos Blake Blake is a typical Black youth Blake black which also has some personal attributes of the author's life These characters were befitting of the story the author wanted to present Some of the story is fabricated but most of it is true Some of the characters are fabricated but realistic Through these characters the author intended to capture some of the things he witnessed and heard about as a youth People he looked up to growing up in the community including his brother he didn't know enough about their life story so he put bits and pieces of their attributes in the character of Sputnik and Blake to tell this story Therefore to those who might misunderstand the author's intention I hope now you have a better understanding In spite of some issues mentioned about American and Foreign Muslim communities there are many sincere practicing dedicated good Muslim brothers and sisters of all races I'm just pointing out what I experienced and spoke to other African American brothers about who acknowledge a similar experience in these communities and there are as many good Hispanic and Caucasian people but it doesn't seem like they are the ones running and controlling things Down On My Knees Victor McGlothlin, 2012-03-01 When a single mother takes a vow of celibacy she has no idea that trying to be good will make her want to be so bad A single mom and busy advertising executive Grace has been a bridesmaid one too many times Not that she doesn't have her share of admirers and lovers but Grace wants

Jones,2002-12-30 African American writers of the Harlem Renaissance generally fall into three aesthetic categories the folk which emphasizes oral traditions African American English rural settings and characters from lower socioeconomic levels the bourgeois which privileges characters from middle class backgrounds and the proletarian which favors overt critiques of oppression by contending that art should be an instrument of propaganda Depending on critical assumptions regarding what constitutes authentic African American literature some writers have been valorized others dismissed This rereading of the Harlem Renaissance gives special attention to Fauset Hurston and West Jones argues that all three aesthetics influence each of their works that they have been historically mislabeled and that they share a drive to challenge racial class and gender oppression The introduction provides a detailed historical overview of the

Harlem Renaissance and the prevailing aesthetics of the period Individual chapters analyze the works of Hurston West and Fauset to demonstrate how the folk bourgeois and proletarian aesthetics figure into their writings The volume concludes by discussing the writers in relation to contemporary African American women authors **The Extended Family in Black Societies** Demetri Boris Shimkin, Edith M.
