## **Marx In Soho A Play On History:**

Marx in Soho Howard Zinn, 1999 Don't you ever wonder why is it necessary to declare me dead again and again The premise of this witty and insightful play on history is that Karl Marx has agitated with the authorities of the afterlife for a chance to clear his name Through a bureaucratic error though Marx is sent to Soho in New York rather than his old stomping ground in London to make his case Zinn introduces us to Marx's wife Jenny his children the anarchist Mikhail Bakunin and a host of other characters Marx in Soho is a brilliant introduction to Marx's life his analysis of society and his passion for radical change Zinn also shows how relevant Marx's ideas are for today's world Historian and activist Howard Zinn is the author of the bestselling *A People's History of the United States* and numerous other writings He recently received the Eugene V Debs and Lannan Foundation awards for his writing and political activism He is also the author of *Emma* a play about Emma Goldman in the anthology *Playbook* South End Press Praise for Marx in Soho An imaginative critique of our society's hypocrisies and injustices and an entertaining vivid portrait of Karl Marx as a voice of humanitarian justice which is perhaps the best way to remember him Kirkus Reviews A cleverly imagined call to reconsider socialist theory Zinn's point is well made his passion for history melds with his political vigor to make this a memorable effort and a lucid primer for readers desiring a succinct dramatized review of Marxism Publishers Weekly Even in heaven it seems Karl Marx is a troublemaker But in the deft and loving hands of activist author historian Howard Zinn the historical figure is also a father a husband and a futurist possessing a grand sense of humor ForeWord A witty delight that will engage both new and old acquaintances of the Marxian corpus Even conservatives will find Zinn's book an intelligent and diverting read Recommended for academic and public libraries alike Library Journal *The Indispensable Zinn* Timothy McCarthy, 2012-05-29 Presents essays and other writings from the famed historian including his writings on the civil rights and antiwar movements and provides historical and biographical context for each written work Howard Zinn on History Howard Zinn, 2011-06-14 Howard Zinn began work on his first book for his friends at Seven Stories Press in 1996 a big volume collecting all his shorter writings organized by subject The themes he chose reflected his lifelong concerns war history law class means and ends and race Throughout his life Zinn had returned again and again to these subjects continually probing and questioning yet rarely reversing his convictions or the vision that informed them The result was *The Zinn Reader* Five years later starting with Howard Zinn on History updated editions of sections of that mammoth tome were published in inexpensive stand alone editions This second edition of Howard Zinn on History brings together twenty seven short writings on activism electoral politics the Holocaust Marxism the Iraq War and the role of the historian as well as portraits of Eugene Debs John Reed and Jack London effectively showing how Zinn's approach to history evolved over nearly half a century and at the same time sharing his fundamental thinking that social movements people getting together for peace and social justice can change the course of history That core belief never changed Chosen by Zinn himself as the shorter writings on history he believed to have enduring value

originally appearing in newspapers like the Boston Globe or the New York Times in magazines like Z the New Left the Progressive or the Nation or in his book Failure to Quit these essays appear here as examples of the kind of passionate engagement he believed all historians and indeed all citizens of whatever profession need to have standing in sharp contrast to the notion of objective or neutral history espoused by some It is time that we scholars begin to earn our keep in this world he writes in The Uses of Scholarship And in Freedom Schools about his experiences teaching in Mississippi during the remarkable Freedom Summer of 1964 he adds Education can and should be dangerous

**The Twentieth Century** Howard Zinn,2009-10-13 Howard Zinn s best selling classic A People s History of the United States revolutionized the literature of America s history by allowing everyday citizens to tell the story of a nation in their own words Containing just the 20th century chapters from A People s History The Twentieth Century features a comprehensive overview of the last hundred years From the closing of the Western Frontier to the War on Terror The Twentieth Century is an invaluable guide to one of the most remarkable periods in human history Howard Zinn 1922 2010 was a historian playwright and activist He wrote the classic A People s History of the United States which has sold more than two million copies and was featured in a documentary on the History Channel His other writings include the play Marx in Soho and his autobiography You Can t Be Neutral on a Moving Train He received the Lannan Foundation Literary Award for Nonfiction and the Eugene V Debs award for his writing and political activism Professor Zinn writes with an enthusiasm rarely encountered in the leaden prose of academic history Eric Foner New York Times Book Review

Grand Theft History Ilario Pantano,2015-10-06 The explosive truth about America s Revolution a bloody civil war that was won largely in the South that modern liberals have kept buried until now At the darkest hour of the American Revolution in 1780 when there was little reason to hope the British went down South and overplayed their hand By burning the bibles of backwoodsmen and threatening their honor the British ignited a firestorm in the most spectacular unusual and decisive battle of the war Ordinary folk from throughout the Southern colonies spontaneously banded together and rode for hundreds of miles to attack and destroy British forces at King s Mountain The killing didn t stop at King s Mountain but the war did Never heard of the massacre that saved the American Revolution No idea that liberty was actually won in the South Red state values of God guns and guts are being dismantled by leftists airbrushing our past in order to transform our future Grand Theft History features shocking new evidence that exposes the latest battlefield in the culture wars American history

**Reading, Learning, Teaching Howard Zinn** Ed Welchel,2009 Howard Zinn is one of the most celebrated historians and social activists of our time Raised in a working class family in Brooklyn he was a shipyard worker and union organizer when World War II began He served as a bombardier in the European Theatre and this experience shaped his opposition to war as an instrument of foreign policy He became active in the civil rights movement as well as the anti war movement from the 1950s to the 1970s He is perhaps best known as the author of A People s History of the United States published in 1980 This study of Zinn s life and work opens the door to many

aspects of historical study generally untouched in traditional secondary and collegiate survey courses in United States history To Zinn history is not an objective account of the past to be indelibly carved into the brains of American citizens rather history is an ever changing palette of events as people react to the contexts and cultures they find themselves immersed in By considering the lives and thoughts of less politically and socially prominent individuals students have the opportunity to re examine their own beliefs and assumptions about contemporary American life Students will gain insight into how history is constructed and recorded through a consideration of the life and writings of Howard Zinn

**The Future of History** Howard Zinn, David Barsamian, 1999 Interviews focusing on the last century take a look at history from the standpoint of the ordinary people of the country *Debunking Howard Zinn* Mary Grabar, 2019-08-20 Howard Zinn's A People's History of the United States has sold more than 25 million copies It is pushed by Hollywood celebrities defended by university professors who know better and assigned in high school and college classrooms to teach students that American history is nothing more than a litany of oppression slavery and exploitation Zinn's history is popular but it is also massively wrong Scholar Mary Grabar exposes just how wrong in her stunning new book *Debunking Howard Zinn* which demolishes Zinn's Marxist talking points that now dominate American education In *Debunking Howard Zinn* you'll learn contra Zinn How Columbus was not a genocidal maniac and was in fact a defender of Indians Why the American Indians were not feminist communist sexual revolutionaries ahead of their time How the United States was founded to protect liberty not white males ill gotten wealth Why Americans of the Greatest Generation were not the equivalent of Nazi war criminals How the Viet Cong were not well meaning community leaders advocating for local self rule Why the Black Panthers were not civil rights leaders Grabar also reveals Zinn's bag of dishonest rhetorical tricks his slavish reliance on partisan history explicit rejection of historical balance and selective quotation of sources to make them say the exact opposite of what their authors intended If you care about America's past and our future you need this book

**Passionate Declarations** Howard Zinn, 2009-12-22 A shotgun blast of revisionism that aims to shatter all the comfortable myths of American political discourse Los Angeles Times From the bestselling author of A People's History of the United States comes this selection of passionate honest and piercing essays looking at American political ideology Howard Zinn brings to *Passionate Declarations* the same astringent style and provocative point of view that led more than a million people to buy his book A People's History of the United States He directs his critique here to what he calls American orthodoxies that set of beliefs guardians of our culture consider sacrosanct justifications for war cynicism about human nature and violence pride in our economic system certainty of our freedom of speech romanticization of representative government confidence in our system of justice Those orthodoxies he believes have a chilling effect on our capacity to think independently and to become active citizens in the long struggle for peace and justice
