Look At This If You Love Great Photography Gemma Padley, 2021-06 Discover the critically acclaimed photographs you simply must see [British Journal of Photography](#), 2009 **The Paradox of Paradise** William Nichols, 2024-02-15 The *Paradox of Paradise* focuses on the trajectory of urban coastal tourism in Spain from the late Franco years to the present through the lens of Spanish cultural production Sun and fun destinations like Torremolinos located in the Costa del Sol and Benidorm located in the Costa Blanca established a model for urban renewal that literally built the coasts to accommodate and expand foreign tourism as the driving force of the so called Spanish Economic Miracle In addition to inserting the coasts into the scope of Iberian urban studies typically dominated by studies of Madrid and Barcelona this project breaks new ground by bringing to the fore unexplored cultural artifacts vital to the narrative of development along the coasts in Spain in

particular the ubiquitous tourist postcard which advances not only the post Franco economic miracle but does so by highlighting the transformation of the actual Spanish landscape along its coasts The Paradox of Paradise features more than twenty five striking images of coastal Spain in the throes of its own coming of age Author William J Nichols has unlocked a strange self conscious archive that tells us as much about our own age of advertising as it does about the hotels and resorts and people on display

Serious Fun Samantha Hardingham,2022-11-07 Guest edited by Samantha Hardingham This issue of AD celebrates the extraordinary life and work of British architect Will Alsop 1947 2018 a career and portfolio that is both literally and metaphorically steeped in colour Characterised as a maverick architect Alsop was in truth an individualist who was all for the collective and a non conformist His design aim was to replace a little misery in the world with a little joy and delight Far from diminutive in ambition many of his built projects caused big shifts in thinking about ways for citizens to perceive occupy and enjoy their cities He believed deeply in the active participation of clients to explore their architectural ideas involving them in workshops and the making of films to help them to see and better understand what design could positively do for them His buildings and artworks are as contentious as they have been highly acclaimed but never fail to amaze and inspire His continuous engagement in teaching lecturing and exhibiting throughout his career with academic posts held in the UK Germany Austria Australia and the US meant he always remained in touch and was a consistent source of encouragement to new generations of architects entering the profession This AD aims to harness that creative energy commitment and camaraderie Contributors Ollie Alsop Thomas Aquilina Nigel Coates Peter Cook Paul Finch Mark Garcia Clare Hamman John Lyall Bruce McLean Will McLean Kester Rattenbury Marcos Rosello and Neil Thomas

The Chinese Photobook (Signed Edition) Martin Parr,2015-06-23 In the last decade there has been a major reappraisal of the role and status of the photobook within the history of photography Newly revised histories of photography as recorded via the photobook have added enormously to our understanding of the medium s culture particularly in places

that are often marginalized such as Latin America and Africa However until now only a handful of Chinese books have made it onto historians short lists Yet China has a fascinating history of photobook publishing and The Chinese Photobook will reveal for the first time the richness and diversity of this heritage This volume is based on a collection compiled by Martin Parr and Beijing and London based Dutch photographer team WassinkLundgren And while the collection was inspired initially by Parr s interest in propaganda books and in finding key works of socialist realist photography from the early days of the Communist Party and the Cultural Revolution era the selection of books includes key volumes published as early as 1900 as well as contemporary volumes by emerging Chinese photographers Each featured photobook offers a new perspective on the complicated history of China from the twentieth century onward The Chinese Photobook embodies an unprecedented amount of research and scholarship in this area and includes accompanying texts and individual title descriptions by Gu Zheng Raymond Lum Ruben Lundgren Stephanie H Tung and Gerry Badger New Statesman ,2008
