Samurai and Ninja Antony Cummins, 2016-08-09 The myths of the noble Samurai and the sinister Ninja are filled with romantic fantasy and fallacy Samurai and Ninja expert Antony Cummins shatters the myths and exposes the true nature of these very real and very lethal medieval Japanese warriors The Samurai and Ninja were in fact brutal killing machines trained in torture and soaked in machismo Many were skilled horsemen and sword fighting specialists while others were masters of deception and sabotage Some fought for loyalty others for personal gain What these warriors all shared in common was their unflinching personal bravery skill and brutality In Samurai and Ninja Cummins separates myth from reality and shows why the Japanese were the greatest warriors of all time He describes the Samurai and the Ninja as they really were in earlier times when battles raged across Japan not in later times when war became obsolete and Japanese warriors became philosophers scholars and courtiers He describes the social context of the day and the feudal world into which the warriors were trained to fight and die for their lords He exposes the essentially brutal nature of warfare in medieval Japan This book is illuminated by many rare Japanese manuscripts and texts which are translated into English for the very first time **The Aeroplane and Astronautics**, 1959-08 The Scabbard and Blade Journal, 1939 The Autocar, 1982 *New York Medical Journal, and Philadelphia Medical Journal*, 1915 **British Books in Print**, 1968 *The United States Catalog* George Flavel Danforth, Marion Effie Potter, 1900 **Minor Catalogues of the Public**
