New York City 2007 Michelin,2006 This guide provides a useful travel companion offering suggestions on what to see and what to do background on history and cultural heritage **New York City 2006** ,2005 You may ask why Michelin is launching a Michelin Guide for New York City in November 2005 and why it has taken us so long to do so New York City is an international gourmet dining center with many attractions and unique neighborhoods It was impossible for us not to take an interest in the city As a dining center New York is now on par with cities such as London Madrid and Paris That s why we felt now was the best time to acknowledge the achievements and the talent of these people who are making New York an undisputed leader in fine hotels and restaurants And whether by chance or coincidence it was exactly 100 years ago in 1905 that Michelin opened its first offices in the United States at 132 142 West 27th Street Madison Square Key features Approximately 500 restaurant and

hotel selections Two restaurant listings per page Detailed descriptions for every establishment Recipes from chefs at star rated restaurants Neighborhood maps highlight the locations **Butterfield & Robinson** , *House & Garden* ,2006

Condé Nast's Traveler ,2006 Old Puglia Desmond Seward,Susan Mountgarret,2016-08-15 Apulia or Puglia is the heel of Italy stretching down from the spur of the Italian boot Its landscape is often very beautiful and it has wonderful old cities with Romanesque cathedrals Gothic castles and a great wealth of Baroque architecture together with rupestrian churches that contain Byzantine frescoes But although far from inaccessible until quite recently it was seldom visited by Anglo Saxons Today however Apulia is becoming fashionable an alternative to Tuscany It is featured on radio and television travel supplements describe its beaches and its cooking supermarkets stock Apulian wine oil bread and pasta Yet almost nothing about the region has been published in English since the days of Norman Douglas and the Sitwells One can find holiday histories of Tuscany but there is no popular introduction to Apulian history not even in Italian Our book which grew out of what was originally intended as a travel book has been written to fill the gap by providing a simple readable account
