Hooked Catherine Greenman, 2011-08-09 Thea Galehouse has always known how to take care of herself. With a flighty club owner mom and a standoffish recovering alcoholic dad, Thea has made her own way in her hometown of New York, attending the prestigious and competitive Stuyvesant High School. But one chat with Will, a handsome and witty senior, and she's a goner, completely hooked on him and unable to concentrate on anything else. Always worried that she loves Will more than he loves her, Thea is pleasantly surprised when their romance weathers his move to college, and Will goes out of his way to involve her in his life. But then Thea misses a period, and that starts Thea and Will on a wild ride that neither of them could have possibly prepared for. When they decide to keep the baby, their concerned parents chip in what they can to keep Will in school and give both teenagers a comfortable place to raise their child. But when a freak accident leaves Thea shaken and threatens to upend their little family altogether, Thea is forced to turn to the last place she would have chosen for comfort: her stiff, uncompromising father. This smart, touching first novel brims with realistic, beautifully drawn characters and reminds us that love is never as easy or predictable as we might like it to be.

Tearmoon Empire: Volume 4 Nozomu Mochitsuki, 2021-04-11 Mia just can't get a break. She ran for student president, won the election, and bent the arc of history away from the calamitous developments Bel foretold. You'd think saving the future would be enough to earn her some rest, but all she got for her troubles was an urgent letter from Ludwig requesting her immediate return to the empire. She sets out for Tearmoon only to learn upon arriving that the academy city, which she was counting on to develop that new strain of wheat, is now falling apart before their very eyes. The headmaster bailed on them. The teachers, fleeing by the boatload, the project itself at risk of grinding to a halt. And to make matters worse, the Greenmoons are apparently the ones behind it all. Ludwig offers a solution: they need a new headmaster with enough clout to stop the exodus of teachers, and his former master fits the bill. Sounds great. The only problem is the man's a stubborn old badger who hates nobles with a burning passion.
