and spot manipulation Dark Psychology 101 can help you This complete guide covers the following topics Part 1 Manipulation Part 2 Persuasion And much more Although persuasion seeks to change your mind it need not be a dark or negative experience Psychological manipulation might have the same goal as persuasion but is unscrupulous and exploitative in the way it goes about it So to clarify the difference between the two is that when you merely seek to persuade your intention is merely that to persuade Behind this intention is the belief that in persuading the person there will be some benefit either to them or in some other sense You re not seeking to harm them for your own benefit in some sense your motive is altruistic or idealistic You re at least trying to do some good The interesting thing as we shall see is that either party uses very similar techniques out of different motives and to very different ends The hope is that by the end of this book you ll have an understanding of these techniques and be able to spin more convincing arguments yourself and recognize the negative influence of manipulators and be prepared to counter it *Manipulation Psychology 101* Phillip Erickson,2020-05-16
