## Le Sport En Prison:

**Le sport en prison** Laurent Gras, 2005-02-01 Une approche historique permet de constater que l'introduction des activités sportives en prison a d'abord été motivée par une logique disciplinaire. Puis avec le temps la pratique du sport en détention est devenue un outil éducatif participant à l'insertion des détenus. Comment concevoir ces activités comme un réel moyen de réinsertion ? D'une part en raison de leur capacité à fournir aux détenus l'opportunité de réactiver ce qui constituait une partie de leur identité sociale. D'autre part en leur permettant de partir de bases normatives communes, l'aspect stigmatisant de leur statut.

**Sport and Violence: Rethinking Elias** Dominique Bodin, Luc Robène, 2018-07-26 The aim of this book in discussing Elias's theory is not to refute it. Tendentiously the theory works with its weaknesses and strong points and it has been enriched by a number of authors over time. The objective of this volume is to discuss the blind spots and more simply what is too often taken for granted namely the obvious pacifying effect of sports and or produced by sports. This analysis has been guided by two perspectives the sociological one which questions the naturalization of sport which is also the naturalization of the wildlings which have to be civilized and the other which comes

from philosophical anthropology and attempts to comprehend the long term characteristics of this union or disunion of sport and violence
