

1942 : le tournant de la guerre

- Allemagne en 1942
- Pays dans le camp de l'Allemagne
- Pays occupés par l'Allemagne
- Pays dans le camp des Alliés
- Pays neutres

L'invasion de l'URSS

En 1941, les Allemands ont rompu le **pacte de non-agression** avec les chefs de l'URSS (Russie). En juin, ils envahissent l'URSS grâce à une guerre éclair menée par 3 millions de soldats.

Soldats allemands faits prisonniers par les Soviétiques

Stalingrad

En 1942, Hitler ordonne à ses troupes de s'emparer de la ville de Stalingrad. Ce sera un terrible échec. Les Allemands connaissent leur plus grande défaite lors de cette bataille, qui cause la mort de 1 à 2 millions de personnes.

La guerre du Pacifique

De 1942 à 1945, l'armée américaine, qui peut compter sur ses porte-avions, libère de nombreuses îles occupées par l'Empire japonais (dont l'Indonésie et les Philippines).

Un porte-avions américain touché par l'action d'un **kamikaze** japonais

La guerre du désert

Les troupes allemandes livrent de féroces combats aux Britanniques dans les déserts de l'Afrique du Nord. En 1942, la victoire de ces derniers à El-Alamein est décisive.

Pour se camoufler dans le sable, les chars sont peints en jaune

Le Tournant De L'empire

Thiers

Le Tournant De L'empire:

La diplomatie byzantine, de l'Empire romain aux confins de l'Europe (Ve-XVe s.) ,2020-08-10 In La Diplomatie byzantine de l'Empire romain aux confins de l'Europe Ve XVe s twelve studies explore from novel angles the complex history of Byzantine diplomacy After an Introduction the volume turns to the period of late antiquity and the new challenges the Eastern Roman Empire had to contend with It then examines middle Byzantine diplomacy through chapters looking at relations with Arabs Rus and Bulgarians before focusing on various aspects of the official contacts with Western Europe at the end of the Middle Ages A thematic section investigates the changes to and continuities of diplomacy throughout the period in particular by considering Byzantine alertness to external political developments strategic use of dynastic marriages and the role of women as diplomatic actors Contributors are Jean Pierre Arrignon Audrey Becker Mickaël Bourbeau Nicolas Drocourt Christian Gastgeber Nike Koutrakou Elisabeth Malamut Ekaterina Nechaeva Brendan Osswald Nebojša Porčić Jonathan Shepard and Jakub Sypiański

1810, le tournant de l'Empire Fondation Napoléon, Souvenir napoléonien (Association), 2010 L'année 1810 peut sembler être une année vide dans le règne foisonnant de Napoléon Il ne livre pas de grandes batailles n'engage pas de grandes formes ne saisit pas l'importance d'une crise économique naissante Le seul événement notable est le mariage de l'Empereur et Marie Louise Il constitue cependant un tournant bien plus marqué qu'on a bien voulu le dire et Napoléon le laisser croire L'union franco autrichienne alourdit en effet le contentieux entre la France et la Russie Elle sauve l'Empire des Habsbourg du démembrement envisagé après Wagram Mais elle augmente aussi l'inquiétude de Murat roi de Naples Et surtout elle renforce le caractère monarchique d'un régime considéré jusque-là comme une dictature de salut public Aveuglement ou lassitude parallèlement l'Empereur laisse Bernadotte devenir héritier du trône de Suède et ne passe pas en Espagne comme il devait le faire pour reprendre en main la Péninsule Par son divorce et son remariage il brave enfin le pape et place au centre de sa nouvelle dynastie une personnalité effacée sur laquelle pèse le souvenir de Marie Antoinette Telles sont quelques-unes des répercussions du mariage de Napoléon avec la fille de François Ier voquées ici avec d'autres par les plus grands spécialistes de la période Ils montrent que toutes les pièces de la machine infernale qui emportera l'Empire en 1814 sont en train de s'ajuster en cette année 1810

Citizen Emperor Philip Dwyer, 2013-11-26 Traces Napoleon's rise to power early mistakes and military campaigns while considering the emperor's darker side and the lengths to which he went to establish himself as a legitimate ruler

Napoleon Michael Broers, 2022-08-30 An accomplished Oxford scholar delivers a dynamic new history covering the last chapter of the emperor's life from his defeat in Russia and the drama of Waterloo to his final exile as the world Napoleon has created begins to crumble around him In 1811 Napoleon stood at his zenith He had defeated all his continental rivals come to an entente with Russia and his blockade of Britain seemed at long last to be a success The emperor had an heir on the way with his new wife Marie Louise the young daughter of the Emperor of Austria His personal life too was calm and secure for the first time in many years It was a

moment of unprecedented peace and hope built on the foundations of emphatic military victories But in less than two years all of this was in peril In four years it was gone swept away by the tides of war against the most powerful alliance in European history The rest of his life was passed on a barren island This is not a story any novelist could create it is reality as epic Napoleon The Decline and Fall of an Empire traces this story through the dramatic narrative of the years 1811 1821 and explores the ever bloodier conflicts the disintegration and reforging of the bonds among the Bonaparte family and the serpentine diplomacy that shaped the fate of Europe At the heart of the story is Napoleon s own sense of history the tensions in his own character and the shared vision of a family dynasty to rule Europe Drawing on the remarkable resource of the new edition of Napoleon s personal correspondence produced by the Fondation Napoleon in Paris Michael Broers dynamic new history follows Napoleon s thoughts and feelings his hopes and ambitions as he fought to preserve the world he had created Much of this turns on his relationship with Tsar Alexander of Russia in so many respects his alter ego and eventual nemesis His inability to understand this complex man the only person with the power to destroy him is key to tracing the roots of his disastrous decision to invade Russia and his inability to face diplomatic and military reality thereafter Even his defeat in Russia was not the end The last years of the Napoleonic Empire reveal its innate strength but it now faced hopeless odds The last phase of the Napoleonic Wars saw the convergence of the most powerful of forces in European history to date Russian manpower and British money The sheer determination of Tsar Alexander and the British to bring Napoleon down is a story of compromise and sacrifice The horrors and heroism of war are omnipresent in these years from Lisbon to Moscow in the life of the common soldier The core of this new book reveals how these men pushed Napoleon back from Moscow to St Helena Among this generation there was no more remarkable persona than Napoleon His defeat forged his myth as well as his living tomb on St Helena The audacious enterprise of the 100 Days reaching its crescendo at the Battle of Waterloo marked the spectacular end of an unprecedented public life From the ruins of a life and an empire came a new continent and a legend that haunts Europe still
