Le Vrai Cohn Bendit

Muriam Haleh Davis, Thomas Serres

Le Vrai Cohn Bendit:

, *Le vrai Cohn-Bendit* Emeline Cazi, 2010 Le révolutionnaire de 68 qui narguait la police s'est transformé en politicien atypique qui fait bouger les lignes et peut changer une leçon. Mais qui connaît vraiment Daniel Cohn Bendit? Son enfance de petit juif allemand en France, sa formation politique, ses amis, les femmes de sa vie, la relation fusionnelle qu'il entretient avec son fils Daniel Cohn Bendit est secret complexe. Il parle beaucoup et se livre peu. Il est ultramilitaire et pourtant mconnu. Il a accepté de parler. Emeline Cazi, qui au terme d'une enquête minutieuse nous dévoile le vrai Cohn Bendit. Des révélations uniques sur l'homme qui jouera un rôle clé dans les leçons venant du **North Africa and the Making of Europe**

Muriam Haleh Davis, Thomas Serres, 2018-02-22 This innovative edited collection brings together leading scholars from the USA, the UK and mainland Europe to examine how European identity and institutions have been fashioned through interactions with the southern periphery since 1945. It highlights the role played by North African actors in shaping European conceptions of governance, culture and development, considering the construction of Europe as an ideological and politico-economic entity in the process. Split up into three sections that investigate the influence of colonialism on the shaping of post-WWII Europe, the nature of cooperation, dependence and interdependence in the region, and the impact of the Arab Spring. **North Africa and the Making of Europe** investigates the Mediterranean space using a transnational interdisciplinary approach. This in turn allows for historical analysis to be fruitfully put into conversation with contemporary politics. The book also discusses such timely issues such as the development of European institutions, the evolution of legal frameworks in the name of antiterrorism, the rise of Islamophobia, immigration and political cooperation. Students and scholars focusing on the development of postwar Europe or the EU's current relationship with North Africa will benefit immensely from this invaluable new study. *Law and Judicial Dialogue on the Return of Irregular Migrants from the European Union* Madalina Moraru, Galina Cornelisse, Philippe De Bruycker, 2020-08-06 This volume examines the implementation of the Return Directive from the perspective of judicial dialogue. While the role of judges has been widely addressed in European asylum law and EU law, more generally, their role in EU return policy has hitherto remained underexplored. This volume addresses the interaction and dialogue between domestic judiciaries and European courts in the implementation of European return policy. The book brings together leading authors from various backgrounds, including legal scholars, judges and practitioners. This allows the collection to offer theoretical and practical perspectives on important questions regarding the regulation of irregular migration in Europe, such as what constitutes inadequate implementation of the Directive and under which conditions can judicial dialogue solve it. How can judges ensure that the right balance is struck between effective return procedures and fundamental rights? Why do we see different patterns of judicial dialogue in the Member States when it comes to particular questions of return policy, for example regarding the use of detention? These questions are more timely than ever given the shifting public discourse on immigration and the growing political backlash against immigration courts. This book

will be essential reading for all scholars and practitioners in the fields of immigration law and policy EU law and public law

French Philosophy of Technology Sacha Loeve, Xavier Guchet, Bernadette Bensaude Vincent, 2018-05-28 Offering an overall insight into the French tradition of philosophy of technology this volume is meant to make French speaking contributions more accessible to the international philosophical community The first section Negotiating a Cultural Heritage presents a number of leading 20th century philosophical figures from Bergson and Canguilhem to Simondon Dagognet or Ellul and intellectual movements from Personalism to French Cybernetics and political ecology that help shape philosophy of technology in the Francophone area and feed into contemporary debates ecology of technology politics of technology game studies The second section Coining and Reconfiguring Technoscience traces the genealogy of this controversial concept and discusses its meanings and relevance A third section Revisiting Anthropological Categories focuses on the relationships of technology with the natural and the human worlds from various perspectives that include anthropotechnology Anthropocene technological and vital norms and temporalities The final section Innovating in Ethics Design and Aesthetics brings together contributions that draw on various French traditions to afford fresh insights on ethics of technology philosophy of design techno aesthetics and digital studies The contributions in this volume are vivid and rich in original approaches that can spur exchanges and debates with other philosophical traditions
